The aggregate nominal amount of Notes outstanding will not at any time exceed € 25,000,000,000 (or the equivalent in other currencies).

This Base Prospectus, as may be supplemented from time to time, constitutes a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129, as amended (the **Prospectus Regulation**). This Base Prospectus received the approval number 21-392 on 10 September 2021 from the *Autorité des marchés financiers* (the **AMF**) and shall be in force for a period of one (1) year as of the date of its approval by the AMF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the AMF in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made for Notes issued under the Programme during a period of twelve (12) months from the date of this Base Prospectus to be listed and/or admitted to trading on the regulated market of Euronext Paris, and/or on the Regulated Market (as defined below) in another Member State of the European Economic Area (the **EEA**). Euronext Paris is a regulated market for the purposes of Directive 2014/65/UE dated 15 May 2014, as amended, on markets in financial instruments, as amended from time to time, appearing on the list of regulated markets issued by the European Securities Markets Authority (the **ESMA**) (each, a **Regulated Market**). Notes issued under the Programme may also be unlisted or listed and admitted to trading on any other stock exchange, including any other Regulated Market. The relevant final terms (a form of which is contained herein) in respect of the issue of any Notes (the **Final Terms**) will specify whether or not an application has been or will be made for such Notes to be listed and admitted to trading and, if so, the relevant Regulated Market(s) or stock exchange(s) where the Notes will be listed and admitted to trading.

Notes may be issued either in dematerialised form (*Dematerialised Notes*) or in materialised form (*Materialised Notes*) as more fully described herein.

Dematerialised Notes will at all times be in book-entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French monetary and financial code (the **French Monetary and Financial Code**). No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be (i) in bearer form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (acting as the central depository) which shall credit the accounts of the Account Holders (as defined in the section entitled "Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination") including Euroclear Bank SA/NV (**Euroclear**) and the depository bank for Clearstream Banking S.A. (**Clearstream**), or (ii) in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in the section entitled "Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination"), in either fully registered form (*au nominatif pur*), in which case they will be either inscribed in an account maintained by the Issuer or by a registration agent (appointed in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*), in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholder.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a **Temporary Global Certificate**) will initially be issued in relation to the Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes with, where applicable, coupons for interest or talons attached, on or after a date expected to be on or about the fortieth (40th) day after the issue date of the Notes (subject to postponement as described in the section entitled "Temporary Global Certificate in respect of Materialised Notes") upon certification as to non-U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche (as more fully described herein) intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream, and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

(**Moody's** and, together with Fitch Ratings, the **Rating Agencies** and each a **Rating Agency**). The rating of the Notes will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning Rating Agency without notice. As of the date of this Base Prospectus, each of the Rating Agencies is established in the European Union and registered under Regulation (EC) no. 1060/2009, as amended (the **CRA Regulation**). Each of the Rating Agencies is included in the list of registered credit rating agencies published by the ESMA on its website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation.

Such document will be published on the websites of (a) the AMF (www.amf-france.org) and (b) the Issuer (www.crh-bonds.com).

Prospective investors should have regard to the factors described under the section entitled "Risk Factors" of this Base Prospectus prior to making an investment decision in the Notes to be issued under the Programme.

This Base Prospectus has been approved by the AMF, in its capacity as competent authority under Regulation (EU) 2017/1129, as amended. The AMF has approved this Base Prospectus after having verified that the information it contains is complete, coherent and comprehensible within the meaning of Regulation (EU) 2017/1129, as amended.

This Base Prospectus (together with any supplements thereto published from time to time) (each a “Supplement” and together the “Supplements”), constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation in respect of, and for the purpose of giving information concerning the Issuer which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer.

This Base Prospectus should be read and construed in conjunction with (i) any document and/or information which is incorporated by reference (see section entitled “Documents incorporated by reference”), (ii) any Supplement thereto that may be published from time to time and (iii) in relation to any Tranche of Notes, the relevant Final Terms.

This Base Prospectus (together with all supplements thereto from time to time) may only be used for the purposes for which it has been published.

No person is, or has been, authorised to give any information or to make any representation, other than those contained or incorporated by reference in this Base Prospectus, in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger or any of the Dealers (as defined in the section entitled “General description of the Programme”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently supplemented, or that any other information supplied in connection with the Programme is correct as at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Other than in relation to the documents which are deemed to be incorporated by reference (see "Documents Incorporated by Reference"), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus (unless that information is incorporated by reference into the Base Prospectus) and has not been scrutinised or approved by the AMF.

The distribution of this Base Prospectus, any Final Terms, any offering materials under the Programme and the offering or sale of the Notes in certain jurisdictions may be restricted by law. The Issuer, the Arranger and the Dealer(s) do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such a distribution or offering. In particular, no action has been taken by the Issuer, the Arranger or the Dealer(s) which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required, other than in compliance with Article 1(4) of the Prospectus Regulation. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves of, and observe, any such restrictions on the distribution of this Base Prospectus and on the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and

on the offer or sale of the Notes in the United States, the European Economic Area and France.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the Securities Act) or with any securities regulatory authority of any State or other jurisdiction of the United States. The Notes may include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or (in the case of Materialised Notes) delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (Regulation S)), or in the case of Materialised Notes, United States persons (as defined in the U.S. Internal Revenue Code of 1986, as amended). The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

For a description of these and certain other restrictions on offers, sales and transfers of the Notes and on the distribution of this Base Prospectus, see the section entitled "Subscription and Sale".

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled "Prohibition of Sales to EEA Investors", the Notes are not intended, to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, MiFID II); (ii) a customer within the meaning of Directive 2016/97/EU, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of Directive 2014/65/EU, as amended (MiFID II); or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) no. 1286/2014 (as amended, the PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (UK). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (EUWA); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act ("FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the UK PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market – The Final Terms in respect of any Notes will include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (ESMA) on 5 February 2018 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor” as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the MiFID product governance rules under EU Delegated Directive 2017/593 (the MiFID II Product Governance Rules), any Dealer subscribing for any Notes is a manufacturer (as defined in MiFID II) in respect of such Notes, but otherwise neither the Arranger nor the Dealer(s) nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID II regulated entity and does not qualify as a distributor or manufacturer under the MiFID II Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes will include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (ESMA) on 5 February 2018 (in accordance with the FCA’s policy statement entitled “Brexit our approach to EU non-legislative materials”) and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a distributor) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the UK MiFIR Product Governance Rules) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules. This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer, the Arranger or the Dealer(s) to subscribe for, or purchase, any of the Notes below.

The Arranger and the Dealer(s) have not separately verified the information contained or incorporated by reference in this Base Prospectus. Neither the Arranger nor any of the Dealers makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information contained or incorporated by reference in this Base Prospectus. Neither this Base Prospectus nor any other information supplied in connection with the Programme (including any information incorporated by reference therein) is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealer(s) that any recipient of this Base Prospectus or other information supplied in connection with the Programme (including any information incorporated by reference therein) should purchase the Notes. Each prospective investor in the Notes should determine for itself the relevance of the information contained or incorporated by

reference in this Base Prospectus and its purchase of the Notes should be based upon such investigation as it deems necessary. Neither the Arranger nor any of the Dealers undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus, nor to advise any investor or prospective investor in the Notes of any information that may come to the attention of any of the Dealers or the Arranger.

None of the Dealers or the Issuer makes any representation to any prospective investor in the Notes regarding the legality of its investment under any applicable laws. Any prospective investor in the Notes should be able to bear the economic risk of an investment in the Notes for an indefinite period of time.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to “€”, “Euro”, “euro” or “EUR” are to the lawful currency of the member states of the European Union that have adopted the single currency in accordance with the Treaty establishing the European Community, as amended from time to time, references to “£”, “pounds sterling” and “Sterling” are to the lawful currency of the United Kingdom and references to “\$”, “USD” and “US Dollar” are to the lawful currency of the United States.

The Issuer believes that the factors described below represent the principal inherent risks in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein and the relevant Final Terms) and reach their own views prior to making any investment decision.

In each sub-category below the Issuer sets out first the most material risk, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

1. RISKS RELATED TO THE ISSUER AND THE COVER POOL

In making an investment decision, investors must rely upon their own examination of (i) the Issuer, (ii) the Collateral Security Assets (as defined below), (iii) the terms and conditions of the Notes issued under the Programme and (iv) the financial information incorporated in this Base Prospectus.

1.1. THE ISSUER IS EXPOSED TO BORROWERS CREDIT RISK AND STRUCTURAL RISKS

The Issuer is sole liable and has limited assets

The Issuer is the only entity liable to pay principal and interests with respect to the Notes and its ability to meet its obligations under the Notes will exclusively depend on its assets which shall be allocated in priority to the payment of any sums due in respect of the Notes, together with, as applicable, any hedging agreement or other resources benefiting from the same *Privilège*.

According to Article 13 of Law n° 85-695 dated 11 July 1985, the Issuer, duly agreed by the Ministry of Finance, Economy and Budget, fund its shareholders, acting as Borrowers, through Promissory Notes, complying with Articles L.313-43 to L. 313-49 of the French Monetary and Financial Code.

In consideration of, and as a condition precedent to, its borrowings, each Borrower has pledged to CRH, pursuant to Article 13 of Law n°85-695 of 11 July 1985 completed by Article 36 of the Law n°2006-872 dated 13 July 2006 and pursuant to Article L. 313-42 to L.313-49 of the French Monetary Code (*Code Monétaire et Financier*, a collateral security, (each, a **Related Collateral Security**, and altogether, the **Collateral Security**), made exclusively of eligible residential Home Loans and their Home Loans security. According to the Issuer's Internal Rule Book (as defined below), the Promissory Notes are secured by a pledge amounting to a minimum of respectively 125% and 150% of their face amount for fixed-rate and variable rate Home Loans.

Neither the Issuer nor any other party to the Programme documents guarantees or warrants the full and timely payment by any of the Borrowers of any sums of principal or interest payable under the Promissory Notes.

Should the Issuer default from its obligations under the Notes, the Noteholders will have no other external remedies than to request such payment from the Issuer and, in particular, they will have no direct recourse to any of the Borrowers or to the Collateral Security or to the cash proceeds from the payments collected under the Home Loans Receivables, and, as applicable, any liquidity drawings and/or assets that benefits from the *Privilège* (the **Cash Collateral** and together with the Collateral Security, the **Collateral Security Assets**). The Issuer's ability to meet its obligations under the Notes will depend on the amount of scheduled principal and interest paid by each of the Borrowers under the Promissory Notes and /or, as applicable, the amounts received under any agreement entered into with the Issuer and/or the revenue proceeds generated by permitted investments.

If the Issuer does not receive the full and timely payment due from the Borrowers of any sums of principal or interest under the Promissory Notes, this may adversely affect the ability of the Issuer to make payments under the Notes. The Issuer may therefore be exposed to the occurrence of credit risk in relation to the Borrowers under the Promissory Notes.

In case of failure to pay by a Borrower under a Promissory Note, including if such non-payment is due to any resolution procedure on the Borrower, the Issuer would be entitled to accelerate the payment of such amounts due under the Promissory Notes, and enforce the Collateral Security, which would result in a transfer of ownership of the Home Loans to the Issuer, without any formality.

The Issuer's ability to fully meet its obligations under the Notes will thereafter mainly depend on sums and proceeds received under the related Collateral Security Assets.

As of 30 June 2021, the Collateral Security Assets totals EUR 31.69 billion and consisted of 569,546 loans. If such amounts are not sufficient for the Issuer to meet its obligations under the Notes, the Issuer will not have any further source of funds available other than the claim against the related Borrower, in respect of the remaining unpaid amounts under the Promissory Notes, which would only be an unsecured claim. If the double recourse against the related Borrower and the related Collateral Security Assets proves to be insufficient to support payments under the Notes until their maturity (for further development on specific risks relating to the cover pool in case of any default of payment under a Promissory Note (a **Borrower Event of Default**), see section "*Risk Factors – Risks related to the cover pool*" below), this may have a significant negative impact on the Issuer's ability to meet its payment obligations under the Notes. As a result, Note holders could lose all or a substantial part of their investment in the Notes.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is very unlikely but the impact of such risk could be very high.

The Issuer is exposed to credit risk of other parties to the Programme Documents

The ability of the Issuer to make any principal and interest payments in respect of the Notes will partly depend on the ability of third parties, especially the Borrowers, which have agreed to perform services for the Issuer (in particular for the monitoring and the servicing of the eligible assets transferred as collateral security, and for the provision of liquidity upon occurrence of certain events or a Borrower Event of Default). The ability of the Issuer to make payments under the Notes may be affected by the due performance of the other third parties involved in the Programme in relation to their payment and other obligations thereunder.

In addition, failure of any such party to make a payment or a transfer as expected and when due may materially affect the ability of the Issuer to make principal and interest payments in respect of the Notes.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is unlikely but the impact of such risk could be high.

Conflicts of interest may arise between the parties to the Programme

With respect to the Notes, conflicts of interest may arise as a result of various factors involving in particular the Borrowers, their respective affiliates and the other parties named herein.

In particular, whilst a Borrower has information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by the Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Even if their respective rights and obligations under the Programme are not conflicting and are independent from one another, in performing any such obligations in these different capacities under the Programme, each Borrower and/or its affiliates may be in a situation of conflict of interests. Each Borrower and/or such affiliates will only have the duties and responsibilities expressly agreed to by such entity in the relevant capacity and will not, by virtue of it or any of its affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a duty of care other than as expressly provided in respect of each such capacity.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is unlikely but the impact of such risk could be high.

The Issuer is exposed to performance risk on third parties service providers

The Issuer is adequately staffed for managing the Programme under the usual business conditions. Following a Borrower default, the Issuer may need to enter into agreements with a number of third parties to perform services for the Issuer. As of the date of this Base Prospectus, the Borrowers are acting on their own behalf, and/or, when applicable, on behalf of their affiliated entities, acting as "collateral providers" and are subject to the Internal Rule Book.

The ability of the Issuer to make payments under the Notes may be adversely affected by the failure of such parties to perform their respective obligations under the Programme Documents, including in case of any resolution procedure on any of the Borrowers or their affiliates.

Under certain circumstances, the Issuer may need to replace a third party service provider. However, there is a risk that no suitable successor will be found in a timely manner or with sufficient experience or ability to serve on the same or similar terms as provided previously or as to the financial terms on which they would agree to be appointed. The ability of a substitute entity to perform the required services fully would also depend, among other things, on the information, software and records available at the time of the appointment.

Any bad or delayed performance by a third party service provider as well as any delay or inability to appoint a substitute entity may affect the ability of the Issuer to make payments under the Notes up to the required amount and/or on the relevant due date. As a result, Noteholders could lose all or a substantial part of their investment in the Notes.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is very unlikely but the impact of such risk could be high.

1.2. THE ISSUER MAY BE EXPOSED TO LIQUIDITY AND CURRENCY RISKS

Liquidity risk

The Issuer is not exposed to legal liquidity provisions and is operating as a pure pass-through, whereby the issued Notes and their related Promissory Notes have the same currency, interest rate and maturity.

As a result, the Issuer is not exposed to any liquidity or market risk under the usual business operations.

Upon the occurrence of a Borrower Event of Default, and the enforcement of the Collateral Security, some of the Issuer's available funds will arise from the Home Loan Receivables.

There is a risk that the Home Loan Receivables forming part of the Collateral Security have a maturity and amortization profile which does not match the repayment profile and maturities of the Notes. Such mismatch would create a potential need for liquidity at the level of the Issuer. As of 30 June 2021, the Collateral Security Assets consisted of 569,546 loans with an average seasoning of 90 months and a weighted average remaining term of 157 months, and the outstanding amount of the Notes issued by the Issuer is EUR 22.01 billion net principal amount and such Notes are scheduled to mature no later than February 2035. According to its Internal Rule Book, the Issuer may finance any temporary liquidity need that would arise upon the occurrence of such a Borrower Event of Default, by drawing upon the available committed liquidity facilities provided by its shareholders.

The committed liquidity facilities are committed for an amount equaling 5% of the total of the outstanding Promissory Notes.

According to its Internal Rule Book, the Issuer could also ask its shareholders to provide additional liquidity support should the available committed amount not being sufficient to fund the temporary liquidity gap.

If the Issuer is not able to cover its liquidity needs, this may have a negative impact on the Issuer's ability to meet its obligations under the Notes in a timely manner and in particular, its ability to make payments under the Notes may be negatively affected.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is very unlikely but the impact of such risk could be high.

Currency risk

The advances made to the Borrowers under the Promissory Notes shall be made available in the same currency than the Notes funding them. As of the date of the Base Prospectus, the Issuer has only issued Notes denominated in Euros and in Swiss Francs (CHF) (875 million Swiss Francs Notes are currently outstanding with maturities between 2021 and 2025). Notes denominated in Euros are collateralized by Home Loans denominated in Euros and Notes denominated in CHF are collateralized by Home Loans in CHF, where the Borrower under the Home Loans have CHF revenues.

As a consequence, under the usual business operations, the Issuer shall not be exposed to any currency risk in relation to the Borrower debt and the Notes.

Upon the occurrence of a Borrower Event of Default and the enforcement of the Collateral Security, the Issuer's available funds will partly arise from the Home Loan Receivables and their ancillary rights.

Upon a subsequent default of a Borrower, followed by a default upon the borrower under the Home Loan, the enforcement proceeds of the Home Loan security, located in France, will be denominated in Euros, and will expose the Issuer to a currency risk, as the related Note is denominated in CHF.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is likely but the impact of such risk could be low.

1.3. RISKS RELATED TO THE COVER POOL THAT WOULD MATERIALIZE UPON A BORROWER'S DEFAULT

Cover pool creditworthiness, credit risk and market value

Changes to the lending criteria of the Borrowers

Each of the Home Loans originated by the Borrowers will have been originated in accordance with its lending criteria at the time of origination. It is expected that each Borrower's lending criteria will generally consider the type of financed property, term of loan, age of applicant, the loan-to-value ratio, the status of applicants, their loan-to-income ratio, total debt service to income ratio, disposable income, and their credit history. One of the Home Loans Eligibility Criteria requires that, prior to the date upon which the Home Loan has been made available to the borrower thereof, all lending criteria and preconditions as applied by the originator of the Home Loan pursuant to its customary lending procedures be satisfied. Each of the Borrowers retains the right to revise its lending criteria from time to time. If the lending criteria changes in a manner that affects the creditworthiness of the Home Loans, that may lead to increased defaults by borrowers thereof and may affect the obtainable value of the Collateral Security Assets or a part thereof, and may significantly affect the ability of the Issuer to make payments under the Notes upon the service of a borrower enforcement notice. As of 30 June 2021, Collateral Security Assets consisted of 569,546 loans with an average loan balance of €55,645 and a weighted average loan to value ratio of 35.3% (32.1% indexed). In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is likely and that the impact of such risk could be very high.

Credit risk related to the debtors of the Home Loan receivables

After the occurrence of a Borrower Event of Default and enforcement of its rights over the Collateral Security, the Issuer will be exposed to the credit risk of the debtors under the Home Loans which are individuals having borrowed money in order to finance the acquisition of real estate residential property, whose ability to make timely payments in consideration of such Home Loan will mainly depend on his assets and his liabilities as well as his ability to generate sufficient income, which, in turn, may be adversely affected by a large number of factors, some of which (i) relate specifically to the debtor himself or (ii) are more general in nature (fiscal policy changes, economic environment...)

Furthermore, the debtors under the Home Loans may benefit from the favourable legal and statutory provisions of the French Consumer Code (*Code de la consommation*), pursuant to which any individual may, under certain circumstances, and subject to certain conditions, request and obtain from a French specialized committee (*Commission de surendettement des particuliers*) a grace period, a reduction of the amount of all and any of its indebtedness and

any interest relating thereto and, as the case may be, a full or partial extinguishment of its indebtedness against a credit institution.

As a result, the Issuer's ability to meet its obligations under the Notes may be adversely affected. As of 30 June 2021, Collateral Security Assets totaled €31.69 billion, and consisted of 569,546 loans with an average loan balance of €55,645, a weighted average loan to value ratio of 35.3% (32.1% indexed), an average seasoning of 86 months and a weighted average remaining term of 162 months.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is likely but the impact of such risk could be low.

Credit risk on the Home Loan guarantee provider (guaranteed loans)

After the occurrence of a Borrower Event of Default and enforcement of the Collateral Security, the Issuer will be exposed to the credit risk of the Home Loan guarantee providers in relation to Home Loan which are secured by a Home Loan guarantee, in case of default of the debtor of the relevant Home Loan. As of 30 June 2021 the Home Loans underlying the Collateral Security Assets at such date include mortgage loans with a mortgage lien (86.4% in value) (including 10.28% of the Home Loans have a mortgage lien bearing an additional guarantee of the French State), and loans guaranteed by Crédit Logement (13.3%), an independent home loan guarantee company licensed as a French *société de financement*.

If the Home Loan guarantee provider does not pay in whole or in part any amounts due under the relevant Home Loan guarantee for whatever reason or does not pay such amounts in a timely manner, this may affect the ability of the Issuer to make payments under the Notes.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is unlikely but the impact of such risk could be high.

Value of the mortgaged property (home loans secured by a mortgage)

After the occurrence of a Borrower Event of Default and enforcement of the Collateral Security, the Issuer will be exposed to the value of the properties in case of default of the debtor of the relevant Home Loan. In any event, the value of the properties securing the Home Loans may decrease as a result of any number of factors, including the national or international economic environment, regional economic or housing conditions, changes in tax laws, mortgage interest rates, inflation, the availability of financing, yields on alternative investments, increasing utility costs and other day-to-day expenses, political developments and government policies. As the properties securing the Home Loans are located in France, the value of such properties may therefore decline in the event of a general downturn in the value of property in France. As of 30 June 2021, 86.4% (in value) of the Home Loans underlying the Collateral Security Assets (10.28% are mortgage loans with a mortgage lien of the Home Loans have a mortgage lien bearing an additional guarantee of the French State).

Such decrease may accordingly affect the Issuer's ability to obtain an amount of enforcement proceeds which is sufficient to cover any unpaid amount due by the underlying debtor and as a result, this may affect the ability of the Issuer to make payments under the Notes in full.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is likely but the impact of such risk could be low.

Prepayment and renegotiation of interest rates under the Home Loans may affect the yield of the collateral security assets

The rate of prepayment of Home Loans is influenced by a wide variety of economic, social and other factors, including prevailing market interest rates, changes in tax laws (including but not limited to amendments to home loan interest tax deductibility), local and regional economic conditions, as well as changes in the debtor's behaviour (including but not limited to home-owner mobility). In addition, debtors under the Home Loans may renegotiate periodically the interest rate prevailing on their loan and such renegotiation may be accepted by the lender.

While such occurrences may happen at any time and are difficult to quantify beforehand, the likeliness of such prepayments and renegotiations is currently high due to the ongoing prevailing of low market interest rates.

A high level of prepayment and renegotiation of interest rate will reduce the yield of the Collateral Security Assets and therefore, may affect the ability of the Issuer to have sufficient funds to make payments under the Notes after the occurrence of a Borrower Event of Default.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is very likely but the impact of such risk could be very low.

Operational and structural risks related to the cover pool

Notification of the debtors of the home loan receivables may take time

The Promissory Notes provide that the Home Loan Receivables are transferred in full title as security (*remises en pleine propriété à titre de garantie*) pursuant to the provisions of Articles L. 313-42 et seq. of the French Monetary and Financial Code, without notification or information of the underlying debtors of the Home Loans. As long as no such notification has taken place, any payments made by any debtor under the relevant Home Loan Receivables will continue to be validly made by such debtors to the relevant Borrower.

Debtors of the Home Loan Receivables shall only be notified by the Issuer in case of occurrence of a Borrower Event of Default and enforcement of the Collateral Security.

As of 30 June 2021, the largest Related Collateral Security Assets comprises 308,501 loans totaling €11 billion. As a consequence, notification to the debtors under the relevant Home Loans may take time and even after such notification being made, there can be delay for the Issuer to obtain effective direct payment from such debtors. This may affect the timely payments under the Notes and may even result in a shortfall in distributions of interest or repayment of principal under the Notes.

In order to mitigate such delays and shortfall, the Issuer may draw upon the committed liquidity facilities from its shareholders, as per the Issuer by-laws, and might also, when applicable, benefit from the period of extension under the Soft Bullet Notes.

However, these mitigants may not suffice to cover in full these risks of delay and shortfall.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is very likely but the impact of such risk could be low.

The Collateral Security Assets value may not be sufficient and the Borrower debt may not be repaid in a timely manner and in full

Upon the occurrence of a Borrower Event of Default, the Issuer would be entitled to accelerate the payment of all the related Promissory Notes and then immediately enforce the Collateral Security (including upon and following the commencement of insolvency proceedings against the Borrower). Failure by the Borrower or, any Borrower affiliate, acting as collateral providers, to transfer any additional eligible Home Loan Receivable in accordance with the Internal Rule Book in order to maintain the Collateral Security up to the relevant required amount to satisfy the requested overcollateralisation ratio notified, from time to time, by the Issuer to each Borrower (the **Requested Overcollateralisation Ratio**, which is at least equal to the 125% legal minimum), or the decrease of the market value of the Home Loan Receivables (due to ineligibility, losses or value decrease of property, home loan market illiquidity, etc.) may result in the Issuer having insufficient funds to meet its obligations under the Notes. As of the date of this Base Prospectus, the statutory minimum Requested Overcollateralisation Ratio of the Issuer is at least 125%. As of 30 June 2021, the Requested Overcollateralisation Ratio of the Issuer was 143%.

If after the occurrence of a Borrower Event of Default, the Collateral Security Assets and the Cash Collateral are not sufficient to cover the payment in full of the amounts due under the Notes until maturity, the Issuer will still have a claim against the Borrower in respect of the remaining unpaid amounts as per the Internal Rule Book but this claim would only be an unsecured claim, i.e. shall be paid after secured and privileged creditors. There is therefore a risk that such remaining unsecured claim will not be paid in a timely manner and in full.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is unlikely but the impact of such risk could be high.

Potential difficulties linked to the enforcement of the mortgages

After the occurrence of a Borrower Event of Default and enforcement of the Collateral Security, the Issuer will be exposed, in case of default of the debtor of a Home Loan, to the French legal procedures to be followed in relation to the enforcement of mortgages and related expenses, and the ability of the Issuer to liquidate the properties under such mortgages efficiently and to obtain payment of the enforcement proceeds in a timely manner may be adversely affected. As of 30 June 2021, 86.4% of the Home Loans underlying the Collateral Security Assets (in value) are mortgage loans with a mortgage lien (including 10.28% of the Home Loans having a mortgage lien bearing an additional guarantee of the French State).

Foreclosure is subject to strict enforcement rules under French law. Specific rules are provided for lender's privileges and mortgages registered in the French departments of Haut-Rhin, Bas-Rhin and Moselle. These specific rules do not substantially change the outline of the procedures set out below.

Foreclosure on property located in France by secured creditors may require the sale of the property at a public auction if the sale cannot be made voluntarily by the debtor (*conversion en vente volontaire* or *à l'amiable*). The foreclosure procedure may take up to one and a half (1.5) years in normal circumstances.

Furthermore, the Issuer's ability to liquidate the properties secured under the Mortgages efficiently and in a timely manner may be adversely affected by the initiation of an insolvency proceedings against the debtor of the relevant Home Loan being an over-indebtedness proceedings (*procédure de surendettement*) if the debtor is a physical person, which would result in a stay of proceedings against the debtor, including foreclosure which therefore would

result in further delay for the Issuer to obtain enforcement proceeds of the Mortgages in a timely manner. Such delays may accordingly affect the Issuer's ability to make payments under the Notes and in particular, affect the timely payments in favour of the Noteholders.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is likely but the impact of such risk could be low.

Set-off against the Issuer under the Home Loans in limited occurrences

Set-off under French law can operate by statute (*compensation légale*) or be agreed by contract (*compensation contractuelle*) or be ordered by court (*compensation judiciaire*).

Statutory set-off operates as of right between two reciprocal debts (*dettes réciproques*) provided that such debts are, at the same time, fungible (*fongibles*), certain (*certaines*), liquid (*liquides*) as well as due and payable (*exigibles*). A contract or a court may expand statutory set-off possibilities where, with respect to two reciprocal and fungible debts, such debts are not at the same time certain, liquid and due and payable. In particular, set-off may not be refused by a court if requested between debts that are deemed mutual (*dettes connexes*) by contract or on an economic standpoint.

No provision under the Home Loan agreements expressly allows a debtor to expand statutory set-off possibilities nor expressly provides for a mutuality (*connexité*) between claims owed by a debtor to a collateral provider under a Home Loan and claims that such debtor may as the case may be have against such collateral provider under other contracts, such as a bank account or a deposit contract, etc. but, at the same time, no provision under the Home Loan agreements expressly provides for a waiver of set-off. As a result, a debtor under a Home Loan is entitled to invoke either (i) a statutory or a judicial set-off, or (ii) a set-off based on a mutuality of claims (*connexité*) should such mutuality be provided for by another contract than the Home Loan agreement or the global economic relationship which would exist between a debtor under a Home Loan and a collateral provider.

A set-off such as referred to in (i) or (ii) above may become a risk for the Issuer only after the occurrence of a Borrower Event of Default and the enforcement of the Collateral Security.

However, after notification of the transfer, a debtor under a Home Loan would only still be entitled to invoke set-off against the Issuer if prior to the notification of the transfer, the conditions for statutory set-off were satisfied or if set-off is invoked between inter-related debts (*dettes connexes*). Inter-relation of claims will be determined on a case by case basis, depending on the factual circumstances then existing. The most likely circumstance where set-off for inter-related claims could be considered is when counterclaims resulting from a current account relationship allow a debtor to set-off such counterclaims against sums due under a Home Loan. In this situation however, French case law states that there is no inter-relation of claims, notwithstanding the fact that instalment under the Home Loan was to be paid by way of direct debit from the funds standing to the credit of the relevant current account since the parties did not intend to interrelate their current account relationship and the lending transaction from an economic standpoint.

As a result of the set-off of amounts due and payable by a debtor to the Borrower with amounts the Borrower owes in respect of the Home Loans, the Home Loans will, partially or fully, be extinguished. Such extinction may affect the Issuer's ability to meet its obligations towards the Noteholders under the Notes.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk is very unlikely and that the impact of such risk could be low.

1.4 RISKS RELATED TO THE GLOBAL HEALTH CRISIS

Uncertainty as to the duration and extent of the pandemic's remaining course makes the overall impact on the activities of the Issuer as well as the world economy difficult to predict.

The debtors – and shareholders- of CRH, as the largest French banking groups, are particularly sensitive to the macroeconomic and market conditions prevailing in the eurozone, where the GDP is expected to shrink by 7.2%.

The consequences of the health crisis have led the major central banks and supervisors, respectively to amplify or take quantitative easing measures against the backdrop of very low inflation.

Governments – and notably France, through its State-guaranteed loans program - have supplemented these measures with exceptional budget policy decisions, to preserve production capacity and social cohesion.

The economic rebound in the third quarter 2020 evidenced the effectiveness of all these monetary and fiscal measures, which helped to contain the default risk.

The positive developments about vaccines, produced and made available in large quantities across the developed economies have significantly raised the probabilities of an economic rebound, starting mid-year 2021, with an assessment, by the IMF, of the worldwide GDP growth to 5.5%.

That being said, the definitive exit scenario for this crisis is being complexified thanks to the high level of circulation of the virus and its various mutations, as well as disruptive shocks endured across the supply chains, generating bottlenecks and pressure on the production capacity, with a durable inflation risk looming.

In such an uncertain context, our borrowing banks might be confronted, on a mid-term horizon, to the possible durable effect of the crisis, among which a delayed recovery for some economic sectors like tourism or aeronautics, a persisting challenging interest rate environment (negative rates and flat curve), soaring credit defaults following the unavoidable termination of the government stimulus constrained by the historically high public indebtedness, and the risk of financial instability geared by a lesser perception of the price of risk given the abundance of cheap liquidity held by systemic operators.

Nevertheless, given their financial strength, reflected by their credit ratings, level of liquidity and balance sheet structure, combined with the support of the public authorities in managing this crisis, it should not result in unfavourable consequences for holders of Notes issued by CRH with respect to the payment of interest and repayment of the principal relating to these securities.

In view of the above, it is the Issuer's assessment that the probability of occurrence of such risk happening to the Issuer is likely and that the impact of such risk could be low considering the Issuer's activities.

2. RISK FACTORS RELATING TO THE NOTES

2.1 Risks related to the structure of a particular issue of Notes

Notes subject to optional redemption by the Issuer

In accordance with Condition 6(c) (*Redemption at the Option of the Issuer*) of the Terms and Conditions of the Notes, the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. The Notes will also be redeemed prior to their stated maturity in case of illegality (in accordance with Condition 6(h) (*Illegality*))

An optional redemption by the Issuer applicable to the Notes is likely to limit their market value. During any period when the Issuer may elect to redeem the Notes, the market value of such Notes will generally not rise substantially above the price at which they can be redeemed and a Noteholder may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return. This may also be true prior to any redemption period, or during any period where there is an actual or perceived increased likelihood that the Notes may be redeemed.

As a consequence of an early redemption, the yields received upon redemption may be lower than expected, and the redemption amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholders. The Noteholder may thus not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

Fixed Rate Notes

Condition 5(b) (*Interest on Fixed Rate Notes*) of the Terms and Conditions of the Notes allows for Fixed Rate Notes to be issued. Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes. While the nominal interest rate of the Fixed Rate Notes is fixed during the term of such Notes, the current interest rate on the capital markets typically varies on a daily basis. As the market interest rate changes, the market value of the Fixed Rate Notes would typically change in the opposite direction. If the market interest rate increases, the market value of the Fixed Rate Notes would typically fall, until the yield of such Notes is approximately equal to the market interest rate. If the market interest rate falls, the market value of the Notes would typically increase, until the yield of such Notes is approximately equal to the market interest rate. The degree to which the market interest rate may vary presents a significant risk to the market value of the Fixed Rate Notes if a Noteholder were to dispose of such Notes.

Floating Rate Notes

Condition 5(c) (*Interest on Floating Rate Notes*) of the Terms and Conditions of the Notes allows for Floating Rate Notes to be issued. Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes

upon the next periodic adjustment of the relevant reference rate. Therefore, the amount of interest payable by the Issuer may vary and Noteholders may receive no interest. Should the reference rate be at any time negative, it could, notwithstanding the existence of the relevant margin, result in the actual floating rate, consisting in the reference rate and the relevant margin, be lower than the relevant margin, provided that in no event will the relevant interest amount be less than zero. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the relevant Final Terms provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and *vice versa*).

The degree to which the reference rates may vary is uncertain. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Floating Rate Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of such Notes.

Fixed / Floating Rate Notes

Pursuant to Condition 5(d) (*Fixed/Floating Rate Notes*) of the Terms and Conditions of the Notes, Fixed/Floating Rate Notes may bear interest at a rate that will automatically, or that the Issuer may elect to, convert from a fixed rate to a floating rate, from a floating rate to a fixed rate, from a fixed rate to another fixed rate or from a floating rate to another floating rate. The conversion (whether automatic or at the option of the Issuer, as specified in the applicable Final Terms) will affect the secondary market and the market value of such Notes since it may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate.

In addition, the new floating rate may at any time be lower than the rates on other Notes. If a floating rate is converted to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes. The movements of the market spread can negatively affect the price of the Notes and can lead to losses for the Noteholders.

Zero Coupon Notes and Notes issued at a substantial discount or premium

Condition 5(e) (*Zero Coupon Notes*) of the Terms and Conditions of the Notes allows for Zero Coupon Notes to be issued. The market values of Notes issued at a substantial discount to or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other notes having the same maturity and credit rating. Therefore, in similar market conditions, the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have a negative effect on the market value of the Notes.

The regulation and reform of "benchmarks" may adversely affect the value of Floating Rate Notes linked to or referencing such "benchmarks"

In accordance with the provisions of Condition 5(c) (*Interest on Floating Rate Notes*) of the Terms and Condition of the Notes, the Rate of Interest in respect of the Floating Rate Notes may be determined by reference to Reference Rates that constitute "benchmarks" for the purposes of Regulation (EU) 2016/1011, as amended (the **Benchmarks Regulation**) published in the Official Journal of the EU on 29 June 2016 and applicable since 1 January 2018.

Interest rates and indices which are deemed to be "benchmarks" (including EURIBOR) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Floating Rate Notes linked to or referencing such a "benchmark".

The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EEA. Notwithstanding the provisions of Condition 5(c)(iii)(D) (*Benchmark discontinuation*) of the Terms and Conditions of the Notes, which seek to mitigate any adverse effects for the Noteholders, the Benchmarks Regulation could have a material impact on any Floating Rate Notes linked to or referencing a "benchmark", in particular in any of the following circumstances:

- an index which is a "benchmark" may not be permitted to be used by a supervised entity (including the Issuer) in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- if the methodology or other terms of the "benchmark" could be changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the "benchmark" and as a consequence, Noteholders could lose part of their investment or receive less income than would have been the case without such change.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain "benchmarks" (including EURIBOR): (i) discourage market participants from continuing to administer or contribute to the "benchmark"; (ii) trigger changes in the rules or methodologies used in the "benchmark" or (iii) lead to the disappearance of the "benchmark".

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes linked to or referencing a "benchmark".

If a benchmark were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Floating Rate Notes (it being specified that a specific fall-back shall apply - please refer to the risk factor entitled "*The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Floating Rate Notes linked to or referencing such "benchmarks"*" below).

However, such fallback provisions may be deviated from if deemed unsuitable by the relevant national authority, as further explained below. Depending on the manner in which a benchmark rate is to be determined under the Terms and Conditions, this may in certain circumstances (i) if ISDA Determination or FBF Determination applies, result in the application of a backward-looking risk-free overnight rate, whereas the benchmark rate is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied in the previous period when the benchmark was available. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes linked to or referencing a "benchmark".

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation reforms, investigations and licensing issues in making any investment decision with respect to any Floating Rate Notes linked to or referencing a "benchmark".

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the **Amending Regulation**).

The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring the power to designate a statutory replacement for certain benchmarks on the European Commission, such replacement being limited to contracts and financial instruments. For instance, if pursuant to a fallback provision included in the Condition 5(c)(iii)(D) of the Terms and Conditions of the Notes, a benchmark is replaced by a benchmark which no longer reflects or which significantly diverges from the underlying market or the economic reality that the benchmark in cessation is intended to measure, a statutory replacement of such benchmark may be designated. These provisions could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark in the event that the fallback provisions set out in the Terms and Conditions of the Notes are deemed unsuitable. However, there are still uncertainties as to the exact implementation of this provision pending the implementing acts taken by the European Commission. In addition, the transitional provisions applicable to thirdcountry benchmarks are extended until the end of 2023. The European Commission is empowered to further extend this period until the end of 2025, if necessary. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Floating Rate Notes linked to or referencing such "benchmarks"

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, Condition 5(c)(iii)(D) (*Benchmark discontinuation*) of the Terms and Conditions of the Notes provides for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as EURIBOR) or other relevant reference rate (which could include, without limitation, any mid-swap rate, but shall except €STR and SONIA), and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as

specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Floating Rate Notes by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 5(c)(iii)(D)(b) (*Successor Rate or Alternative Rate*) of the Terms and Conditions of the Notes), with or without the application of an adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, including where no Successor Rate or Alternative Rate (as applicable) is determined or due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time. In all these circumstances other fallback rules might apply if the benchmark is discontinued or otherwise unavailable, which consist in the rate of interest for the last preceding Interest Period(s) to be used for the following Interest Period, as set out in the risk factor above entitled "*The regulation and reform of 'benchmarks' may adversely affect the value of Floating Rate Notes linked to or referencing such 'benchmarks'*". The ultimate fallback may result in the effective application of a fixed rate for Floating Rate Notes linked to or referencing a "benchmark". Noteholders might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, Noteholders will not benefit from any increase in rates.

Any such circumstances could have a material adverse effect on the liquidity, value of and return on any such Floating Rate Notes.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Floating Rate Notes. Investors should note that, the Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected commercial consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to such Noteholder.

The market continues to develop in relation to risk free rates (including overnight rates) as reference rates for Floating Rate Notes such as €STR and SONIA

The market continues to develop in relation to risk free rates, such as the Euro short term rate (**€STR**) and the Sterling Overnight Index Average (**SONIA**), as reference rates in the capital markets for euro, sterling or U.S. dollar bonds, as applicable, and their adoption as alternatives to the relevant interbank offered rates. The market or a significant part thereof may adopt an application of risk free rates that differs significantly from that set out in the Terms and Conditions and used in relation to Floating Rate Notes that reference a risk free rate issued under this Base Prospectus. The Issuer may issue notes referencing €STR, pursuant to Condition 5(c)(iii)(C)(b) of the Terms and Conditions of the Notes, in a way that differs materially in terms of interest determination when compared with any previous notes issued by the Issuer referencing €STR.

The nascent development of the use of €STR as interest reference rate for bond markets, as well as continued development of €STR-based rates for such markets and of the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes. Interest on Notes which reference a risk free rate is only capable of being determined shortly prior to the relevant Interest Payment Date.

In addition, as €STR is published by the European Central Bank, the Issuer has no control over its determination, calculation or publication. €STR may be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders.

The mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

To the extent the €STR reference rate is discontinued or is no longer published as described in the Terms and Conditions, the applicable rate to be used to calculate the Rate of Interest on the Notes will be determined using the alternative methods described in the Condition 5(c)(iii)(C)(b) of the Terms and Conditions of the Notes. Such methods may result in interest payments that are lower than, or do not otherwise correlate over time with, the payment that would have been made on the Notes if the €STR reference rate had been provided by the European Central Bank in its current form. Accordingly, an investment in any such Floating Rate Notes may entail material risks not associated with similar investments in convention debt securities.

2.2. Risks for the Noteholders as creditors of the Issuer

Absence of events of default in respect of all Notes

As a result of the existence of the privilege created by Article 36 of the Law no. 2006-872 dated 13 July 2006, the Terms and Conditions of the Notes do not contain any event of default. The Noteholders will not be able to accelerate the maturity of such Notes. Accordingly, if the Issuer fails to meet any obligations under such Notes, Noteholders will not have the right of acceleration of principal. Upon a payment default, the sole remedy available to Noteholders for recovery of amounts owing in respect of any payment of principal or interest on such Notes will be the institution of judicial proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. Therefore, the liquidity and market value of the Notes may be significantly adversely affected and investors who sell Notes on the secondary market could lose all or part of their investment.

The implementation in France of the EU Bank Recovery and Resolution Directive could materially affect the Notes

Directive 2014/59/EU provides for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms, as amended by Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 (the **Bank Recovery and Resolution Directive** or **BRRD II**) implemented in France by several legislative texts, to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing relevant entity.

If the Issuer is determined to be failing or likely to fail within the meaning of, and under the conditions set by BRRD II, and the relevant resolution authority applies any, or a combination, of the BRRD II resolution tools (e.g. sale of business, creation of a bridge institution, asset separation or bail-in), any shortfall from the sale of the Issuer's assets may lead to a partial

reduction in the outstanding amount of certain claims of unsecured creditors of that entity (including, as the case may be, the Notes), or, in a worst case scenario, a reduction to zero. The unsecured debt claims of the Issuer (including, as the case may be, the Notes) might also be converted into equity or other instruments of ownership, in accordance with the hierarchy of claims in normal insolvency proceedings, which equity or other instruments could also be subject to any future cancellation, transfer or dilution (such reduction or cancellation being first on common equity tier one instruments (the Issuer's common equity tier one instruments as of 30 June 2021 amount to EUR 562.4 million) thereafter the reduction, cancellation or conversion being on additional tier one instruments, then tier two instruments and other subordinated debts. The relevant resolution authority may also seek to amend the terms (such as variation of the maturity) of any outstanding unsecured debt securities (including, as the case may be, the Notes).

With respect to the Notes, the BRRD II provides that the relevant resolution authority shall not exercise the write-down or conversion powers in relation to secured liabilities including covered bonds and liabilities in the form of financial instruments used for hedging purposes which form an integral part of the cover pool and which according to national law are secured in a way similar to covered bonds. Nevertheless, relevant claims for the purposes of the write-down or conversion powers would still include the claims of the holders in respect of any Notes issued under the Programme, only if and to the extent that the bond liability would exceed the value of the cover pool collateral against which it is secured. In this respect, it is to be noted that the Issuer shall maintain at any time a legal minimum cover ratio of 105% and as of the date of this Base Prospectus, the statutory minimum Requested Overcollateralisation Ratio of the Issuer is of 125%. As of 30 June 2021, the Requested Overcollateralisation Ratio of the Issuer was 143%.

Public financial support to resolve the Issuer where there is a risk of failure will only be used as a last resort, after having assessed and exploited the above resolution tools, including the bail-in tool, to the maximum extent possible whilst maintaining financial stability.

As a result, the exercise of any power under the BRRD II or any suggestion of such exercise could materially adversely affect the rights of the Noteholders, the price or value of their investment in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes, and as a result investors may lose their entire investment.

French insolvency law

The Issuer, as a specialised credit institution (*établissement de crédit spécialisé*), is subject to the provisions of Articles L.613-25 *et seq.* of the French Monetary and Financial Code. These provisions include specific rules on the opening of an insolvency proceeding against the Issuer, the involvement of the *Autorité de contrôle prudentiel et de résolution* (**ACPR**) in the event of bankruptcy of the Issuer, specific concepts of suspension of payment (*cessation des paiements*) for the Issuer and some specific rules of liquidation for the Issuer. As a general principle, the above-mentioned insolvency and reorganisation rules favour the continuation of a business and protection of employment over the payment of creditors.

As a *société anonyme* incorporated in France, French insolvency law applies to the Issuer. Except as otherwise provided by the relevant Final Terms, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse, as defined in Condition 10 (*Representation of Noteholders*) of the Terms and Conditions of the Notes. However, under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the **Assembly**) in order to defend their common interests if an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde*

financière accélérée), a safeguard procedure (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a Euro Medium Term Notes programme) and regardless of their governing law.

The Assembly deliberates on the draft safeguard plan (*projet de plan de sauvegarde*), draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de sauvegarde financière accélérée*) or draft judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling payments which are due and/or partially or totally writing-off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give a right to share capital.

Decisions of the Assembly will be taken by a two-third (2/3) majority (calculated as a proportion of the amount of debt securities held by the holders who have casted a vote at such Assembly). No quorum is required on convocation of the Assembly.

For the avoidance of doubt, the provisions relating to the representation of the Noteholders described in the Terms and Conditions of the Notes as set out in this Base Prospectus and if applicable, the relevant Final Terms, will not be applicable with respect to the Assembly to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

The procedures described above or as they will or may be amended, could have an adverse impact on Noteholders seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. Any decisions taken by the Assembly could substantially impact the Noteholders and even cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

Modification and waivers

Condition 10 (*Representation of Noteholders*) of the Terms and Conditions of the Notes contains provisions for calling General Meetings of Noteholders or taking Written Decisions to consider matters affecting their interests generally. These provisions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend or vote at the relevant General Meeting or did not consent to the Written Decision and Noteholders who voted in a manner contrary to the majority. Noteholders may through Collective Decisions deliberate on any proposal relating to the modification of the Terms and Conditions, subject to the limitations provided by French law. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes. By exception to the above provisions,

Condition 10(d)(iii) of the Terms and Conditions of the Notes provides that the provisions of Article L. 228-65 I. 1° of the French Commercial Code (*Code de commerce*) providing for a prior approval of the General Meeting of the Noteholders of any change in corporate purpose or form of the Issuer shall not apply to the Notes. As a result of this exclusion, the prior approval of the Noteholders will not have to be obtained on any such matters which may affect their interests generally.

Withholding Taxes - No gross-up obligation

Pursuant to Condition 8 (*Taxation*) of the Terms and Conditions of the Notes, if any law should require that any payments in respect of any Notes, Receipts or Coupons be subject to withholding or deduction in respect of any taxes, duties, assessments or governmental charges of whatever nature, the Issuer will not pay any additional amounts and such Notes may not be redeemed early by the Issuer. Therefore, the corresponding risk shall be borne by the Noteholders or, if applicable, the Receiptholders and the Couponholders. Noteholders or, if applicable, the Receiptholders and the Couponholders may receive less than the full amount due, and the market value of such Notes will be adversely affected. As a result, they could lose part of their investment in the Notes.

2.3. Risks related to the market of the Notes

Market value of the Notes

Pursuant to item 1, Part B (*Listing and Admission to trading*) of the Final Terms, application may be made to list and admit any Tranche of Notes issued hereunder to trading on Euronext Paris, or any other stock exchanges as the case may be and following the passporting of the Base Prospectus. Therefore, the market value of the Notes will be affected by the creditworthiness and/or the credit rating of the Issuer and a number of additional factors, including, but not limited to, the volatility of the market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France and elsewhere, including factors affecting capital markets generally and Euronext Paris and/or any other Regulated Market or stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder. Accordingly, all or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

In addition, if an Extended Maturity Date is specified in the Final terms and the Final Redemption Amount of the relevant Series is not paid by the Issuer on the Maturity Date, the payment of such Final Redemption Amount shall be automatically deferred and shall become due and payable on the Extended Maturity Date. In this scenario, Noteholders will be further exposed to market risks until the Extended Final Maturity Date. As a result, the situation of the Issuer might adversely change between the Final Maturity Date and the Extended Final Maturity Date and the market value of the Notes between the Final Maturity Date and the Extended Final Maturity Date might be significantly affected.

The secondary market

Notes issued under the Programme will be new securities which may not be widely distributed and may have no active trading market when issued (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of

Notes which is already in issue), and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, that are designed for specific investment objectives or strategies or that have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

Although application has been made for the Notes issued under the Programme to be listed and admitted to trading on Euronext Paris, and/or any other Regulated Market in the European Economic Area any particular Tranche of Notes may not be so admitted or an active trading market may not develop or may be illiquid. As a consequence, Noteholders, may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield and as a result, Noteholders could lose part of their investment in the Notes.

Exchange rate risks and exchange control risks

Pursuant to Condition 5 (*Interest and other Calculations*) of the Terms and Conditions of the Notes, the Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes, and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities, may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, Noteholders may receive less interest or principal than expected. This may result in a significant loss on any capital invested from the perspective of a Noteholder whose domestic currency is not the Specified Currency.

- Regulation no. 99-10 of 9 July 1999 of the French *Comité de la réglementation bancaire et financière* relating to the assessment of the financed assets to be taken into account in determining the eligible portion of loan;

The main provisions of the CRH Legal Framework as of the date of this Base Prospectus are summarized below. The CRH Legal Framework applicable to the Issuer may be amended from time to time after the date of this Base Prospectus.

Exclusive legal purpose

In accordance with the current CRH Legal Framework, the Issuer may only:

- (i) refinance Promissory Notes (*billets à ordre*) issued by French credit institutions (being the Issuer's shareholders) which represent receivables arising from eligible Home Loans;
- (ii) issue Notes in order to finance these promissory notes benefiting from the *Privilège*.

Eligible assets

Pursuant to the current CRH Legal Framework, the eligible assets of the Issuer comprise:

- (i) home loans (*prêts à l'habitat*) which are secured by a first-ranking mortgage (*hypothèque de premier rang*) or other real estate security interests that are equivalent to a first-ranking mortgage (*sûreté immobilière conférant une garantie au moins équivalente*);
- (ii) home loans (*prêts à l'habitat*) which are secured by a guarantee (*cautionnement*) granted by a credit institution or an insurance company.

The Home Loans must comply with the provisions of:

- Article L. 513-3 of the French Monetary and Financial Code;
- Articles L. 313-42 and R. 313-20 to R. 313-24 of the French Monetary and Financial Code.

The Home Loans are loans granted to individuals or to non-trading real estate investment companies (*sociétés civiles immobilières*) of an individual.

The Issuer may not include replacement assets (*valeurs de remplacement*).

Financing portion (*quotité de financement*)

Pursuant to Article R. 313-20 and Article R. 313-21 of the French Monetary and Financial Code, the Issuer may only finance the Home Loans through issuance of notes benefiting from the *Privilège* up to the lowest of the following amounts:

- up to 60% of the value of the financed asset is eligible for the Home Loan, this amount may be increased to 80 % of the value of the financed asset if all the Home Loans of the Issuer consists of Home Loans granted to individuals for the financing of home purchases;
- considering the above, up to 90 % if the amount of the Home Loans granted as pledged exceeds that of the Promissory Notes by at least 25 %;
- considering the above, up to 100 % of the value of the financed asset for Home Loans guaranteed by the French *Fonds de Garantie de l'Accession Sociale à la Propriété* or any other institution acting in this capacity; and
- in addition, internal rule provide that the amount of pledged Home Loans must exceed by at least 25% the amount of the related Promissory Notes.

The *Privilège* (Statutory Priority in Right of Payment)

According to Article 13 of Law n°85-695 as amended, the Noteholders benefit from a priority in right of payment over all the assets and revenues of the Promissory Notes.

All amounts or sums deriving from the Promissory Notes subscribed by the Issuer are allocated as a matter of priority under all circumstances to the payment of interest and principal on the Notes.

In case of default from the Borrowers under the Promissory Notes, all refinancing that has been granted by the Issuer become due and the Issuer may become the owner without any formality, notwithstanding all provisions to the contrary, for all Home Loans pledged by the Borrowers.

Minimum Legal Overcollateralisation Ratio

CRH must at all times maintain a cover ratio (*ratio de couverture*) between its eligible assets and its liabilities benefiting from the *Privilège*. As of the date of this Base Prospectus, this minimum over collateralization ratio provided in the CRH Legal Framework is of at least one hundred and twenty-five per cent (125 %).

Implementation of current capital requirements and new CRD V package

The framework of the Basel Committee for Banking Supervision has been implemented under EU legislation through the "CRD IV package" which consists of the CRD IV and CRR. A number of requirements arising from the CRD IV package was implemented under French law by the Banking Law, as amended by the *Ordonnance* (as defined above). The implementation of the CRD IV package was finalized under French law by *ordonnance* no. 2014-158 dated 20 February 2014 at the legislative level and several *décrets* and *arrêtés* dated 3 November 2014.

The implementation of CRD IV package, and any of its expected amendments, have and will continue to bring about a number of substantial changes to the current capital requirements, prudential oversight and risk-management systems, including those of the Issuer. The direction and the magnitude of the impact of CRD IV package, and any of its expected amendments, will depend on the particular asset structure of each bank and its precise impact on the Issuer cannot be quantified with certainty at this time. The Issuer may operate its business in ways that are less profitable than its present operation in complying with the new guidelines resulting from the transposition and application of the CRD IV package.

In addition, the implementation of CRD IV package and any of its expected amendments could affect the risk weighting of the Notes in respect of certain investors to the extent that those investors are subject to the new guidelines resulting from the implementation of the CRD IV package. Accordingly, recipients of this Base Prospectus should consult their own advisers as to the consequences and effects the implementation of the CRD IV package and any of its expected amendments could have on them.

The European Parliament and the Council of the European Union adopted the Directive no. 2019/878/EU dated 20 May 2019 amending the CRD IV (the **CRD IV Revision** and together with the CRD IV, the **CRD V**) and the Regulation no. 2019/876/EU dated 20 May 2019 amending the CRR (the **CRR Revision** and together with the CRR, the **CRR II** and together with the CRD V, the **CRD V package**). The CRD IV Revision was implemented under French law by the *Ordonnance n°2020-1635 portant diverses dispositions d'adaptation de la législation au droit de l'Union Européenne en matière financière* dated 21 December 2020 and the *Décret n°2020-1637 portant diverses dispositions d'adaptation au droit de l'Union européenne en matière financière et relative aux sociétés de financement* dated 22 December 2020. Certain portions of the CRR Revision are already applicable (including those applicable to the new requirements for own funds and eligible liabilities and while others shall apply as from 28 June 2021, 1st January 2023 or 28 January 2023).

The implementation of the current new texts, and their application to the Issuer or the taking of any action thereunder is currently uncertain.

Covered Bonds European legislation

On 12 March 2018, the European Commission published proposals for a Directive and for a Regulation on the issue and supervision of covered bonds, under the ordinary legislative procedure, aiming at establishing a framework to enable a more harmonized covered bond

market in the European Union as part of the Capital Markets Union (that aims to unify capital markets across Europe's 28 Member States) action plan.

On 27 November 2019, Directive (EU) 2019/2162 of the European Parliament and of the Council of 27 November 2019 (the **Covered Bond Directive**) and Regulation (EU) 2019/2160 of the European Parliament and of the Council of 27 November 2019 (the **Covered Bond Regulation**, together with the Covered Bond Directive the **New EU Covered Bond Framework**) were adopted and published on 18 December 2019. The Covered Bond Directive has been transposed in French law by ordinance No. 2021-858 of 30 June 2021 and the New EU Covered Bonds Framework will be effective on 8 July 2022. The Covered Bond Directive distinguishes between (i) the "European Covered Bonds Premium" which benefits from the most favourable prudential treatment pursuant to Article 129 of CRR II (as defined below) provided that these covered bonds would meet the conditions set forth by the Covered Bond Directive and (ii) the "European Covered Bonds" which benefit from a less favorable prudential treatment pursuant to Article 129 of CRR II.

The New EU Covered Bonds Framework is part of the Capital Markets Union action plan and aim to enable a more harmonized covered bond market in the European Union in order to improve the visibility and safety of covered bonds, as well as maintaining some elements arisen from regulations from the Member States of the European Union which have been useful for the bulding of such market.

The directive covers in particular requirements for issuing covered bonds, requirements for marketing covered bonds as "European Covered Bonds", structural features of covered bonds (asset composition, derivatives, liquidity...) and regulatory supervision. The regulation would mainly amend Article 129 of Regulation (EU) No 575/2013 (Capital Requirements Regulation (CRR)) and would add requirements on minimum overcollateralisation and substitution assets. The minimum overcollateralisation would be set at 2 % and 5 % depending on the assets in the cover pool, based on a nominal calculation method.

Potential impact of this New EU Covered Bonds Framework on the Issuer and the Covered Bonds should be relatively limited but cannot yet be fully estimated, some aspects depending on transposition.

Impact of the hardening period on the security attached to the Home Loans

The hardening period (*période suspecte*) is a period of time the duration of which is determined by the bankruptcy judge upon the judgement recognising that the cessation of payments (*cessation des paiements*) of the insolvent company has occurred. The hardening period commences on the date of such judgement and extends for up to eighteen (18) months previous to the date of such judgement.

Notwithstanding the above, pursuant to Article L. 313-48 of the French Monetary and Financial Code, the provisions of Book VI of the French Commercial Code are not applicable to pledges granted according to Articles L. 313-42 to L. 323-49 of the French Monetary and Financial Code.

However, it cannot be excluded that Article L. 313-48 of the French Monetary and Financial Code does not intend to overrule Article L. 632-2 of the French Commercial Code, which provides for a potential nullity of acts which are onerous (*actes à titre onéreux*) if the counterparty of the debtor was aware, at the time of conclusion of such acts, that the debtor was unable to pay its debts due with its available funds (*en état de cessation des paiements*). Should Article L. 632-2 of the French Commercial Code be deemed applicable, nullity of the security could be sought, if the Issuer was aware, at the time where the collateral security was granted

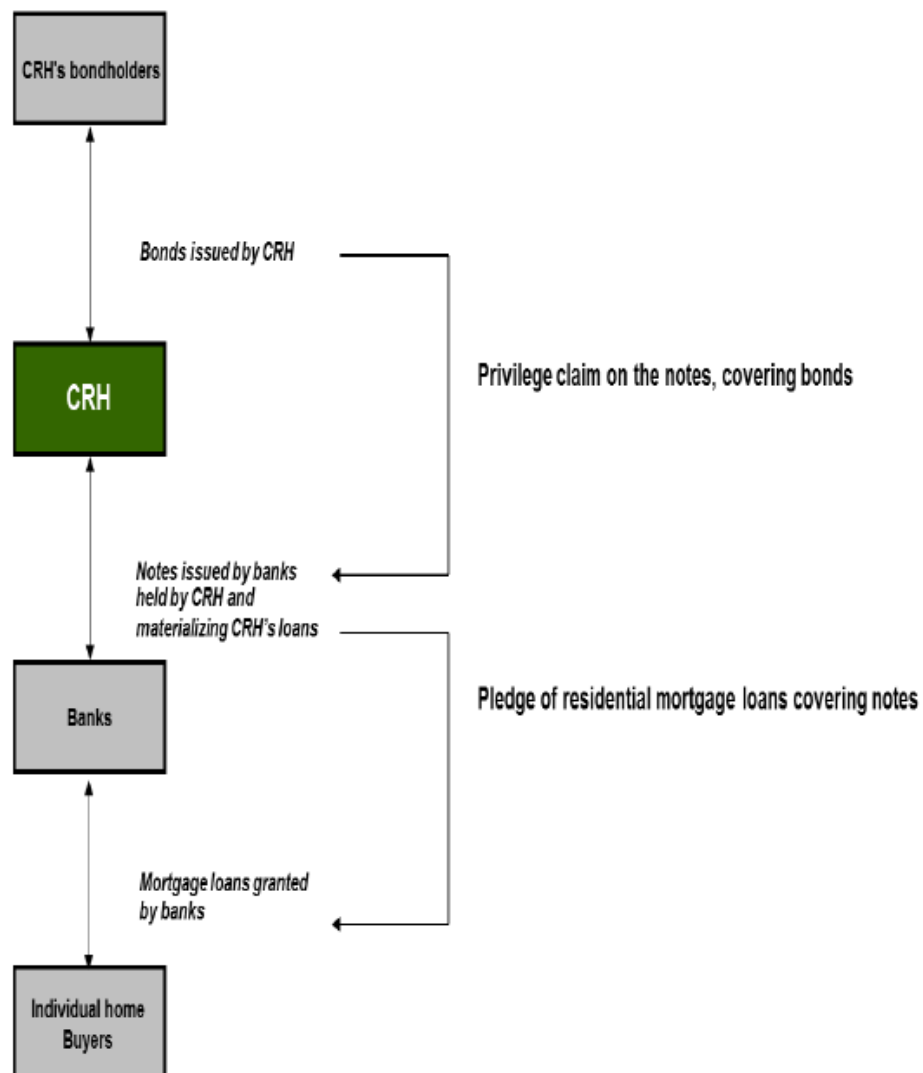

(or the subject of an addition or a substitution), that the Borrowers was unable to pay its debt due with its available funds (*en état de cessation des paiements*).

Disproportionate guarantee

Pursuant to Article L. 650-1 of the French Commercial Code, a creditor may be held liable towards a bankrupt debtor if the credit transferred by it to such debtor entailed a damage and the security interest securing such credit is disproportionate (*disproportionné*) compared to that credit. In such case, such security interest may be void or reduced by the judge.

However, there is only few French case law decisions interpreting and implementing the provisions of Article L. 650-1 of the French Commercial Code and accordingly, there is an uncertainty as to whether the provisions of Article L. 650-1 of the French Commercial Code would apply to the pledges granted by the Borrowers.

Summary of the CRH's structure mechanism

DESCRIPTION OF THE ISSUER

Information on the Issuer is set out in the Issuer's 2020 Universal Registration Document as supplemented by the First Amendment to the 2020 Universal Registration Document incorporated herein by reference. Please refer to the cross-reference list on pages 40 to 50 of this Base Prospectus.

USE OF PROCEEDS

The issuances provide CRH with the resources to finance the commitments of its shareholders. CRH lends all the capital raised to its shareholders under the same interest rate and maturity terms and conditions.

Pursuant to the provisions of Article R. 313-25 of the French Monetary and Financial Code, it is specified that:

1- The purpose of the commitments corresponding to the issuances is to refinance Home Loans granted to individuals by its shareholders.

2- CRH's sole purpose is:

- to refinance, for the exclusive benefit of its shareholders or institutions undertaking to becoming shareholders in accordance with the provisions of Articles 6 and 8 of the articles of association, the Promissory Notes they have signed or endorsed to collateralize the loans referred to in Article L. 313-42 of the Monetary and Financial Code representing Home Loans;
- to issue, in connection with this application of funds, bonds and securities with features similar to those of the collateralized notes; and
- and in general, to enter into real estate and other transactions relating to the purposes described above or any similar or related purposes, or which may be of a nature to facilitate the realisation thereof.

3- CRH may not hold any interest or conduct any business that is not related to its corporate purpose. In particular, it may not contract any debt not related to this purpose, with the exception of subordinated debt to reinforce its shareholders' equity, or in the event of the default of the issuer of a Promissory Note.

4- CRH's Notes benefit from the derogation provided for in Article R. 214-21 IV 2° of the French Monetary and Financial Code, authorising an undertaking for collective investment in transferable securities to invest up to 25% of their assets in the securities of a single issuer, provided that investments in such securities do not exceed 80% of total assets.

5- Loans granted by CRH as part of these commitments are pledged as collateral for receivables pledged in accordance with the provisions of Articles L. 313-42 to L. 313-49 of the French Monetary and Financial Code. In the event of default by a borrowing institution, CRH thus becomes the owner of the pledged receivables.

- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123(4) of the Treaty and rounding the resulting figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the

nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 13. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified by the Issuer to the Noteholders.

- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Fiscal Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 12, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 12 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated Euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the Noteholders, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 13 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or any other person for any commissions, costs, losses or expenses in relation to or resulting from, the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2. Conversions and Exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer form (*au porteur*) may not be converted into Dematerialised Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered form (*au nominatif*) may not be converted into Dematerialised Notes in bearer form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the French Monetary and Financial Code. Any such conversion shall be effected at the cost of such Noteholder.

(b) Materialised Notes

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination (as specified in the relevant Final Terms).

In accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French Monetary and Financial Code, securities (including the Notes) in materialised form and governed by French law must be issued outside the French territory.

3. Status

The Notes and interests thereon and, where applicable, any Receipts and Coupons relating to them, constitute direct, general, privileged, unconditional and unsubordinated obligations of the Issuer, benefiting from the *privilège* referred to in Article 13 of Law n°85-695 as amended (as set out in Condition 4 (*Privilège*) below), and rank *pari passu* with all other present or future notes of the Issuer.

4. *Privilège*

Noteholders benefit from the *privilège* created by Article 36 of Law n° 2006-872 dated 13 July 2006. In accordance with the provisions of Article 13 of Law n° 85-695 dated 11 July 1985, as amended by Article 36 above, amounts (*sommes*) or values (*valeurs*) deriving from the promissory notes (*billets à ordre*) (the **Promissory Notes**) held by CRH are allocated, in priority and in all circumstances, to the payment of interest and principal of its notes. This text also specifies that the provisions of Book VI of the French Commercial Code on the difficulties of companies, or those governing any equivalent judicial or amicable proceedings opened on the basis of foreign laws, do not prevent the exercise of this *privilège*.

This text is of immediate effect and covers all the notes issued before and after the Law dated 13 July 2006, the *privilège* being by law in absence of the provision of the State's guarantee.

It is also specified that CRH deals with all of its commitments within the framework of Articles L.313-42 to L.313-49 of the French Monetary and Financial Code and thus benefits from the pledge (*nantissement*) of the loans granted as collateral for the Promissory Notes (*billets à ordre*) it holds; this framework is applicable, pursuant to Article L.313-48, notwithstanding any contrary provisions and in particular those of Book VI of the French Commercial Code.

5. Interest and other Calculations

(a) Definitions

In these Conditions, the following defined terms shall have the meanings set out below:

Business Day means:

- (i) in the case of Euro, a day, other than a Saturday or Sunday, on which banks are open to public for general business to the public in Paris and on which Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET 2) System (or any successor thereto) is open for business, and/or

- (ii) in the case of a Specified Currency other than Euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for that currency, and/or
- (iii) in the case of a Specified Currency and/or one or more additional business centre(s) specified in the relevant Final Terms (the **Business Centre(s)**), a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres so specified.

Day Count Fraction means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period, the **Calculation Period**):

- (i) if **Actual/Actual**, **Actual/Actual-ISDA**, **Act/Act**, **Act/Act-ISDA** or **Actual/365-FBF** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if **Actual/Actual-FBF** is specified in the relevant Final Terms, the fraction whose numerator is the actual number of days elapsed during such period and whose denominator is 365 (or 366 if 29 February falls within the Calculation Period). If the Calculation Period is of a duration of more than one (1) year, the basis shall be calculated as follows:
 - (x) the number of complete years shall be counted back from the last day of the Calculation Period; and
 - (y) this number shall be increased by the fraction for the relevant period calculated as set out in the first paragraph of this definition;
- (iii) if **Actual/Actual-ICMA** or **Act/Act-ICMA** is specified in the relevant Final Terms:

(c) Interest on Floating Rate Notes

(i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrears on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Notwithstanding the foregoing, where the applicable Final Terms specify that the relevant Business Day Convention is to be applied on an "unadjusted" basis, the Interest Amount payable on any date shall not be affected by the application of that Business Day Convention.

(iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in (i) the relevant Final Terms which may be.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **FBF Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Agent under a notional interest rate swap transaction (*Echange*) in the relevant Specified Currency incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the Floating Rate Determination Date is as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), **Floating Rate**, **Agent** and **Floating Rate Determination Date** are translations of the French terms "*Taux Variable*" and "*Date de Détermination du Taux Variable*", respectively, which have the meanings given to those terms in the FBF Definitions.

In the applicable Final Terms, when the paragraph "Floating Rate" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate, one of which shall be determined as if the maturity were the period of time for which rates are available of next shorter length than the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length than the length of the relevant Interest Period.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (i), **ISDA Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating (i) if "2006 ISDA Definitions" is specified in the applicable Final Terms, the 2006 ISDA Definitions or (ii) if "2021 ISDA Definitions" is specified in the applicable Final Terms, the latest version of the 2021 ISDA Interest Rate Derivatives Definitions (together the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the relevant Final Terms;

- (B) the Designated Maturity, if applicable, is a period specified in the relevant Final Terms; and
- (C) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms; and
- (D) if the Floating Rate Option is an Overnight Floating Rate Option, the Overnight Rate Compounding Method is one of the following as specified in the applicable Final Terms:
 - (a) Compounding with Lookback;
 - (b) Compounding with Observation Period Shift;
 - (c) Compounding with Lockout; or
 - (d) IOS Compounding.

In connection with the Overnight Rate Compounding Method, references in the ISDA Definitions to numbers or other items specified in the relevant confirmation shall be deemed to be references to the numbers or other items specified for such purpose in the applicable Final Terms.

For the purposes of this sub-paragraph (i), **Floating Rate, Floating Rate Option, Designated Maturity, Reset Date, Overnight Floating Rate Option, Overnight Rate Compounding Method, Compounding with Lookback, Compounding with Observation Period Shift, Compounding with Lockout and OIS Compounding and Swap Transaction** have the meanings given to those terms in the ISDA Definitions.

In the applicable Final Terms, when the paragraph "Floating Rate Option" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate Option, one of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next shorter length than the length of the relevant Interest Period, and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available of next longer length than the length of the relevant Interest Period.

- (C) Screen Rate Determination for Floating Rate Notes
 - (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall, subject as provided below or (if applicable) in Condition 5(c)(iii)(D) (*Benchmark Discontinuation*), be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

(x) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:

- (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
- (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date as disclosed in the relevant Final Terms, plus or minus (as indicated in the relevant Final Terms) the Margin (if any);

(y) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (C)(x)(i) above applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (C)(x)(ii) above applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any); and

(z) if paragraph (C)(y) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Relevant Rate) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the **Principal Financial Centre**) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference

between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period). If the provisions of this paragraph (z) fail to provide a means of determining the Rate of Interest, Condition 5(c)(iii)(D) (*Benchmark Discontinuation*) below shall apply.

Notwithstanding the above, in the case of a Benchmark Event, Condition 5(c)(iii)(D) (*Benchmark Discontinuation*) below shall apply.

In the applicable Final Terms, when the paragraph "Relevant Rate" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Relevant Rate, one of which shall be determined as if the maturity were the period of time for which rates are available of next shorter length than the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time for which rates are available of next longer length than the length of the relevant Interest Period."

- (b) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Relevant Rate in respect of the Floating Rate Notes is specified as being €STR, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compound interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-\text{pTBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

Where:

“**d**” is the number of calendar days in the relevant Interest Accrual Period;

“**d₀**” is the number of TARGET Business Days in the relevant Interest Accrual Period;

“**€STR_{i-pTBD}**” means, in respect of any TARGET Business Day falling in the relevant €STR Observation Period, the €STR for the

TARGET Business Day falling “p” TARGET Business Days prior to the relevant TARGET Business Day “i”;

“**n_i**” for any TARGET Business Day “i” is the number of calendar days from, and including, the relevant TARGET Business Day “i” up to, but excluding, the immediately following TARGET Business Day in the relevant Interest Accrual Period; and

“**p**” means in relation to any Interest Accrual Period, the number of TARGET Business Days included in the Observation Look-Back Period.

If the €STR is not published, as specified above, on any particular TARGET Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such TARGET Business Day shall be the rate equal to €STR in respect of the last TARGET Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular TARGET Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 13 (*Notice*).

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or

Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each TARGET Business Day in the relevant €STR Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

For the purpose of this paragraph (c):

ECB Recommended Rate means a rate (inclusive of any spreads or adjustments) recommended as the replacement for €STR by the European Central Bank (or any successor administrator of €STR) and/or by a committee officially endorsed or convened by the European Central Bank (or any successor administrator of €STR) for the purpose of recommending a replacement for €STR (which rate may be produced by the European Central Bank or another administrator), as determined by the Issuer and notified by the Issuer to the Calculation Agent;

- (1) a public statement or publication of information by or on behalf of the European Central Bank (or any successor administrator of €STR) announcing that it has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or the publication, there is no successor administrator that will continue to provide €STR; or
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of €STR, the central bank for the currency of €STR, an insolvency official with jurisdiction over the administrator of €STR, a resolution authority with jurisdiction over the administrator of €STR or a court or an entity with similar insolvency or resolution authority over the administrator of €STR, which states that the administrator of €STR has ceased or will cease to provide €STR permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide €STR;

€STR Index Cessation Effective Date means, in respect of an €STR Index Cessation Event, the first date on which €STR is no longer provided by the European Central Bank (or any successor administrator of €STR), as determined by the Issuer and notified by the Issuer to the Calculation Agent;

€STR Observation Period means in respect of any Interest Accrual Period, the period from and including the date falling “p” TARGET Business Days prior to the first day of the relevant Interest Accrual Period (and the first €STR Observation Period shall begin on and include the date falling “p” TARGET Business Days prior to the Interest Commencement Date) and ending on, but excluding, the date falling “p” TARGET Business Day prior to the Interest Payment Date of such Interest Accrual Period (or the date falling “p” TARGET Business Day prior to such earlier date, if any, on which the Notes become due and payable);

i is a series of whole numbers from one to d_0 , each representing the relevant TARGET Business Day in chronological order from, and including, the first TARGET Business Day in the relevant Interest Accrual Period, to, but excluding, the Interest Payment Date corresponding to such Interest Accrual Period;

Modified EDFR means a reference rate equal to the EDFR plus the EDFR Spread;

Observation Look-Back Period is as specified in the applicable Final Terms; and

Website of the European Central Bank means the website of the European Central Bank currently at <http://www.ecb.europa.eu>

or any successor website officially designated by the European Central Bank.

- (c) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Relevant Rate in respect of the Floating Rate Notes is specified as being SONIA, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compounded interest investment (it being understood that reference rate for the calculation of interest is the Sterling daily overnight reference) plus or minus (as indicated in the Final Terms) the Margin (if any) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SONIA_i - pLBD \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“**d**” is the number of calendar days in the relevant Interest Accrual Period;

“**d₀**” is the number of London Banking Days in the relevant Interest Accrual Period;

“**i**” is a series of whole numbers from one to d₀, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Interest Accrual Period;

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**n_i**” means, for any London Banking Day “i”, the number of calendar days from and including such London Banking Day “i” up to but excluding the following London Banking Day (“i+1”);

“**Observation Look-Back Period**” is as specified in the Final Terms;

“**p**” means, in relation to any Interest Accrual Period, the number of London Banking Days included in the Observation Look-Back Period, as specified in the Final Terms;

“**SONIA**”, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average rate in

respect of such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, on the London Banking Day immediately following such London Banking Day; and

“**SONIA_{i-pLBD}**” means, for any London Banking Day “i” falling in the relevant Interest Accrual Period, the SONIA in respect of the London Banking Day falling “p” London Banking Days prior to the relevant London Banking Day “i”.

If, in respect of that London Banking Day “i-pLBD”, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be: (i) the Bank of England’s Bank Rate (the **Bank Rate**) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period had the Notes been in issue for

a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

(D) Benchmark Discontinuation

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 5(c)(iii)(C) (for the avoidance of doubt, it shall not apply to €STR and SONIA).

(a) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(D)(b)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(c)(iii)(D)(c)) and any Benchmark Amendments, if any (in accordance with Condition 5(c)(iii)(D)(d)).

An Independent Adviser appointed pursuant to this Condition 5(c)(iii)(D) shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of bad faith, manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5 (c)(iii)(D).

(b) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith and in a commercially reasonable manner that:

- (1) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5 (c)(iii)(D)(d)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest

(or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5 (c)(iii)(D)); or

- (2) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5 (c)(iii)(D)(d)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5 (c)(iii)(D)).

(c) Adjustment Spread

If the Independent Adviser determines, acting in good faith and in a commercially reasonable manner (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(d) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5 (c)(iii)(D) and the Independent Adviser determines in good faith and in a commercially reasonable manner (i) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Day, or Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5 (c)(iii)(D)(e), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5 (c)(iii)(D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(e) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in

accordance with Condition 13, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5 (c)(iii)(D). Such notice shall be irrevocable and binding and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the party responsible for determining the Rate of Interest, the Paying Agents and the Noteholders.

(f) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback for the Original Reference Rate specified in Condition 5(c)(iii)(C), namely the Rate of Interest determined as at the last preceding Interest Determination Date will continue to apply to such determination.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(iii)(D), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(c)(iii)(D) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the other fallbacks specified in Condition 5(c)(iii)(C), will continue to apply in accordance with their terms). This may result in the Rate of Interest for the last preceding Interest Accrual Period being the Rate of Interest for the Interest Accrual Period in question.

(g) Definitions

In this Condition 5(c)(iii)(D):

Adjustment Spread means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines in accordance with customary market usage in the international debt capital market for such Successor Rate or Alternative Rate and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to

reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (1) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- (2) in the case of an Alternative Rate (or in the case of a Successor Rate where (1) above does not apply), is customary in international debt capital market transactions for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or
- (3) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage, the Independent Adviser, acting in good faith, determines to be appropriate;

Alternative Rate means, in the absence of Successor rate, an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 5 (c)(iii)(D) and which is customary in international debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes;

Benchmark Event means, with respect to an Original Reference Rate:

- (1) the Original Reference Rate ceasing to exist or be published;
- (2) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six months prior to the date specified in (2)(i);
- (3) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;

- (4) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (4)(i);
- (5) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months;
- (6) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate, in the opinion of the supervisor, is no longer representative of an underlying market or that its method of calculation has significantly changed;
- (7) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Agent, the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation, if applicable); or
- (8) that a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmarks Regulation of any benchmark administrator previously authorised to publish such Original Reference Rate has been adopted.

Benchmarks Regulation means Regulation (EU) 2016/1011 of 8 June 2016, as amended or supplemented;

Independent Adviser means an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense under Condition 5(c)(iii)(D)(a);

Original Reference Rate means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes;

Relevant Nominating Body means, in respect of a benchmark or screen rate (as applicable):

- (1) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for

supervising the administrator of the benchmark or screen rate (as applicable); or

- (2) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof; and

Successor Rate means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body, and if, following a Benchmark Event, two or more successor or replacement rates are recommended by any Relevant Nominating Body, the Independent Adviser, shall determine which of those successor or replacement rates is most appropriate, having regard to, *inter alia*, the particular features of the relevant Notes and the nature of the Issuer.

(d) Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, from a Floating Rate to a Fixed Rate, from a Fixed Rate to another Fixed Rate or from a Floating Rate to another Floating Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, from a Floating Rate to a Fixed Rate, from a Fixed Rate to another Fixed Rate or from a Floating Rate to another Floating Rate on the date set out in the Final Terms.

(e) Zero Coupon Notes

Where a Note, the Interest Basis of which is specified to be Zero Coupon in the applicable Final Terms, is repayable prior to the Maturity Date (or the Extended Maturity Date, as the case may be) pursuant to an Issuer's Option or, if so specified in the relevant Final Terms, pursuant to Condition 6(d) and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount. As from the Maturity Date (or the Extended Maturity Date, as the case may be), the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(d)(i)).

(f) Accrual of interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.

(g) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:

- (i) If any Margin is specified in the relevant Final Terms, either (x) generally or (y) in relation to one or more Interest Accrual Periods, an adjustment shall be made to all Rates of Interest in the case of (x), or to the Rates of Interest for the specified Interest Accrual Periods in the case of (y), calculated in accordance with Condition 5(c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be, provided that in no event, will the relevant Interest Amount be less than zero.
- (iii) Unless a higher Minimum Rate of Interest is specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed equal to zero. For the avoidance of doubt, "Minimum Rate of Interest" shall refer to the relevant rate plus any relevant margin.
- (iv) For the purposes of any calculations required pursuant to these Conditions, (w) if FBF Determination is specified in the relevant Final Terms, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest ten-thousandth of a percentage point (with halves being rounded up), (x) otherwise all percentages resulting from such calculations shall be rounded, if necessary, to the nearest fifth decimal (with halves being rounded up), (y) all figures shall be rounded to seven figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes, **unit** means the lowest amount of such currency that is available as legal tender in the country of such currency.

(h) Calculations

The amount of interest payable in respect of any Note (other than any Zero Coupon Note) for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(i) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

The Calculation Agent, as soon as practicable on such date as it may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each

Specified Denomination (as specified in the relevant Final Terms) of the Notes for the relevant Interest Accrual Period, shall calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market or other stock exchange and the rules of such Regulated Market or other stock exchange so require, such Regulated Market or other stock exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market or other stock exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(j) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four (4) Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined above). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market or other stock exchange and the rules of, or applicable to, that Regulated Market or other stock exchange so require, notice of any change of Calculation Agent shall be given in accordance with Condition 13.

For the purpose of this Condition:

"outstanding" means, in relation to the Notes of any Series, all the Notes issued other than (a) those that have been redeemed in accordance with these Conditions, (b) those in respect of which the date for redemption has occurred and the redemption moneys (including all interest accrued on such Notes to the date for such redemption and any interest payable after such date) have been duly paid (i) in the case of Dematerialised Notes in bearer form and in administered registered form, to the relevant Account Holders on behalf of the Noteholder as provided in Condition 7(a), (ii) in the case of Dematerialised Notes in fully registered form, to the account of the Noteholder as provided in Condition 7(a) and (iii) in the case of Materialised Notes, to the relevant account with, or, by check drawn on, a Bank as provided in Condition 7(b) and remain available for payment against presentation and surrender of Materialised Notes and/or Coupons, as the case may be, (c) those which have become void or in respect of which claims have become prescribed, (d) those which have been purchased and that are held or have been cancelled as provided in these Conditions, (e) in the case of Materialised Notes (i) those mutilated or defaced Materialised Notes that have been surrendered in exchange for replacement Materialised Notes, (ii) (for the purpose only of determining how many such Materialised Notes are outstanding and without prejudice to their status for any other purpose) those Materialised Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Materialised Notes have been issued and (iii) any Temporary Global Certificate to the extent that it shall have been exchanged for one or more Definitive Materialised Notes, pursuant to its provisions.

6. **Redemption, Purchase and Options**

(a) **Final Redemption**

Unless previously redeemed, purchased and cancelled or its maturity is extended as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount, as specified in the relevant Final Terms or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.

An extended maturity date (the **Extended Maturity Date**) which means a date falling one (1) year after the Maturity Date, may be specified in the relevant Final Terms. In this case, if the Final Redemption Amount of the relevant Series is not paid by the Issuer on the Maturity Date, the payment of such Final Redemption Amount shall be automatically deferred and shall become due and payable on the Extended Maturity Date. However, any amount representing the Final Redemption Amount remaining unpaid on the initially scheduled Maturity Date may be paid by the Issuer on any Interest Payment Date from (and excluding) such Maturity Date to (and including) the Extended Maturity Date. During the extended period, interest will continue to be calculated and to accrue on any unpaid principal amount at the relevant Rate of Interest and be payable on each Interest Payment Dates and on the Extended Maturity Date (if not earlier redeemed on an Interest Payment Date).

(b) **Redemption by Instalments and Final Redemption**

Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Final Terms) is extended pursuant to the Issuer's option in accordance with Condition 6(c), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such

Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(c) Redemption at the Option of the Issuer

If a Redemption at the Option of the Issuer is specified as applicable in the relevant Final Terms, the Issuer may, at its option and having given not less than six (6) Business Days' prior irrevocable notice in accordance with Condition 13 to the Noteholders redeem all or some of the Notes on any date fixed for redemption (the **Optional Redemption Date**). Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the Optional Redemption Date, if any. Any such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed, as specified in the relevant Final Terms, and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices and subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption will be effected by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed.

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published (i) as long as such Notes are admitted to trading on Euronext Paris and the rules applicable to such Regulated Market so permit, on the website of the *Autorités des marchés financiers (AMF)* (www.amf-france.org) or (ii) in a leading financial newspaper with general circulation in the city where the Regulated Market on which such Notes are admitted to trading is located, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Notes drawn for redemption but not surrendered.

(d) Early Redemption Amounts

(i) Notes other than Zero Coupon Notes

The Early Redemption Amount payable in respect of any Note (other than Notes described in (ii) below), upon redemption of such Note pursuant to

Condition 6(h) shall be the Final Redemption Amount together with interest accrued to the Optional Redemption Date.

(ii) Zero Coupon Notes

- (A) The Optional Redemption Amount or the Early Redemption Amount, as the case may be, payable in respect of any Zero Coupon Note, the amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(h) shall be calculated as provided below.
- (B) Subject to the provisions of sub-paragraph (C) below, the Optional Redemption Amount or the Early Redemption Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date (or Extended Maturity Date, as the case may be) discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Optional Redemption Amount or the Early Redemption Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Optional Redemption Amount or the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(h) is not paid when due, the Optional Redemption Amount or the Early Redemption Amount due and payable in respect of such Note shall be as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Optional Redemption Amount or the Early Redemption Amount becomes due and payable was the Relevant Date. The calculation of the Optional Redemption Amount or the Early Redemption Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date (or the Extended Maturity Date, as the case may be), in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(e).

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(e) No Redemption for Taxation Reasons

If any law should require that payments of principal or interest or other revenues in respect of any Note be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, such Notes may not be redeemed early.

(f) Purchases

The Issuer may, subject to Condition 6(g), at any time purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in

the open market or otherwise (including by tender offer) at any price, subject to the applicable laws and/or regulations.

Notes so purchased by the Issuer may be either (i) held and resold or (ii) cancelled in accordance with Condition 6(g) below, all in accordance with applicable laws and regulations.

(g) Cancellation

All Notes which have been purchased by or on behalf of the Issuer for cancellation will be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the relevant Temporary Global Certificate or the Definitive Materialised Notes in question, together with all unmatured Receipts and Coupons and all unexchanged Talons, if applicable, to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Definitive Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

(h) Illegality

If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it would become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 13, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

7. Payments and Talons

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders, and (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank (as defined below) designated by the relevant Noteholder. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Definitive Materialised Notes

(i) Method of payment

Subject as provided below, payments in a Specified Currency will be made by credit or transfer to an account denominated in the relevant Specified Currency,

or to which the Specified Currency may be credited or transferred (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a Bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is euro, shall be any country in the Euro-zone, and, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively).

(ii) Presentation and surrender of Definitive Materialised Notes, Receipts and Coupons

Payments of principal in respect of Definitive Materialised Notes will (subject as provided below) be made in the manner provided in paragraph (i) above only upon presentation and surrender (or, in the case of partial payment of any sum due, annotation) of such Notes, and payments of interest in respect of Definitive Materialised Notes will (subject as provided below) be made as aforesaid only upon presentation and surrender (or, in the case of part payment of any sum due, annotation) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of Definitive Materialised Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Materialised Note to which it appertains. Receipts presented without the Definitive Materialised Note to which they appertain do not constitute valid obligations of the Issuer.

Upon the date upon which any Definitive Materialised Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment will be made in respect thereof.

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on the exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of five (5) years from the date on which such Coupon would have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, in definitive form becomes due and repayable prior to its Maturity Date, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any Definitive Materialised Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only upon presentation and surrender (if appropriate) of the relevant Definitive Materialised Note.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agent(s) with specified offices outside the United States with the reasonable expectation that such Paying Agent(s) would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts, and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence for the Issuer.

(d) Payments subject to Fiscal Laws

All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives but without prejudice to Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Code Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders, Receiptholders or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of this Base Prospectus relating to the Programme of the Notes of the Issuer. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case, does not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, the Paying Agents, the Registration Agent or the Calculation Agent and to appoint another Fiscal Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal

Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Paying Agent having specified offices in at least two major European cities and ensuring the financial servicing of the Notes free of charge to the Noteholders, so long as the Notes are listed and admitted to trading on Euronext Paris and, so long as the Notes are admitted to trading on any other Regulated Market, in such other city where the Notes are admitted to trading, (iv) in the case of Dematerialised Notes in fully registered form, a Registration Agent, and (v) such other agents as may be required by the rules of any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 13.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(g) Business Days for Payment

If any date for payment in respect of any Note, Receipt or Coupon is not a Business Day, the Noteholder shall not be entitled to payment until the next following Business Day (the **Adjusted Payment Date**), nor to any interest or other sum in respect of such postponed payment. In this paragraph, **Business Day** means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as **Financial Centre(s)** in the relevant Final Terms, and (C) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a TARGET 2 Business Day.

(h) Bank

For the purpose of this Condition 7, **Bank** means a bank in Paris and the principal financial centre of the relevant currency or, in the case of Euro, in a city in which banks have access to the TARGET 2 System.

8. Taxation

(a) Withholding Tax

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within any jurisdiction or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) No Additional Amounts

If any law should require that payments of principal, interest or other revenues in respect of any Note, Receipt or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will not be required to pay any additional amounts in respect of any such withholding or deduction.

9. Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within a period of ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

10. Representation of Noteholders

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a *masse* (the **Masse**) which will be governed by the provisions of Articles L.228-46 *et seq.* of the French Commercial Code with the exception of Articles L.228-71 (except with respect to Notes issued in France with a denomination of less than €100,000 (or its equivalent in any other currency)) and R.228-69 of the French Commercial Code and as amended and supplemented by this Condition 10:

(a) Legal Personality

The *Masse* will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through collective decisions of the Noteholders (the **Collective Decisions**).

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes.

(b) Representative

The names and addresses of the Representative and its alternate (if any), will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed.

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative (if any) at the registered office of the Issuer.

(c) Powers of the Representative

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(d) Collective Decisions

Collective Decisions are adopted either in a general meeting (the **General Meeting**) or by consent following a written consultation (the **Written Decision**).

In accordance with Article R.228-71 of the French Commercial Code, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 10(h).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(i) General Meetings

A General Meeting may be called at any time, either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been called within two (2) months after such demand, the Noteholders may commission one of them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a simple majority of votes held by the Noteholders attending such General Meeting or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 10(h) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less

than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

(ii) Written Decisions and Electronic Consent

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by a Written Decision.

Such Written Decision shall be signed by or on behalf of Noteholders holding not less than seventy-five (75) per cent. in nominal amount of the Notes outstanding, without having to comply with formalities and time limits referred to in Condition 10(d)(i). Any Written Decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of such Noteholders. Such Written Decision may be contained in one document or in several documents in like form each signed by or on behalf of one or more such Noteholders. Pursuant to Article L.228-46-1 of the French Commercial Code, approval of a Written Decision may also be given by way of electronic communication allowing the identification of Noteholders (the **Electronic Consent**).

(iii) Exclusion of certain provisions of the French Commercial Code

The provisions of Article L.228-65 I. 1° of the French Commercial Code and the related provisions of the French Commercial Code shall not apply to the Notes, it being however specified for the avoidance of doubt that, the Noteholders benefit from the same protection rights as non noteholder creditors (*créanciers non obligataires*).

(e) Expenses

The Issuer shall pay all reasonable and duly documented expenses relating to the operation of the *Masse*, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by the Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(f) Single *Masse*

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 12, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of

the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all such Series.

(g) Sole Noteholder

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all the powers, rights and obligations entrusted to the Representative and to the Noteholders acting through Collective Decisions by the provisions of the French Commercial Code.

From the date of appointment of the Representative in relation to any Series, if and for so long as the Notes of such Series are held by a sole Noteholder, such Noteholder shall exercise all powers, rights and obligations entrusted to the Noteholders acting through Collective Decisions by the provisions of the French Commercial Code.

Such sole Noteholder shall hold a register of the decisions it will have taken in this capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes of such Series.

(h) Notices to Noteholders

Any notice to be given to Noteholders in accordance with this Condition 10 shall be given in accordance with Condition 13(e).

(i) Full *Masse*

For Notes issued with a denomination of less than €100,000 (or its equivalent in any other currency), Condition 10 shall apply to the Notes subject to the following modifications.

- (i) Condition 10(d)(iii) shall not apply to the Notes.
- (ii) Except if the Final Terms specify "Issue outside France" as applicable, Condition 10(e) shall be deleted and replaced by the provisions of Article L. 228-71 of the French Commercial Code.
- (iii) Except if the Final Terms specify "Issue outside France", the decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by the Noteholders attending such General Meeting or represented thereat.

For the avoidance of doubt, in this Condition 10, the term "outstanding" shall not include those Notes purchased by the Issuer that are held by it and not cancelled in accordance with applicable laws and regulations as referred to in Condition 6(f).

11. Replacement of Definitive Materialised Notes, Receipts, Coupons and Talons

If, in the case of any Materialised Notes, a Definitive Materialised Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or any Paying Agent as may from time to time be designated by the Issuer for this purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed

Definitive Materialised Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Further Issues and Consolidation

(a) Further Issues

The Issuer may, from time to time, without the consent of the Noteholders, Receiptholders or Couponholders create and issue further notes to be assimilated (*assimilées*) with the Notes, provided such Notes and the further notes carry rights identical in all respects (or identical in all respects save for the principal amount thereof and the Issue Date) and that the terms of such notes provide for such assimilation, and references in these Conditions to **Notes** shall be construed accordingly.

(b) Consolidation

The Issuer, with the prior approval of the Fiscal Agent (which shall not be unreasonably withheld), may, from time to time, on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than thirty (30) calendar days' prior notice to the Noteholders in accordance with Condition 13, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series denominated in Euro with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

13. Notices

(a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth (4th) weekday (being a day other than a Saturday or a Sunday) after the mailing, or, (ii) at the option of the Issuer, they are published (a) so long as such Notes are listed and admitted to trading on Euronext Paris, in a leading daily financial newspaper of general circulation in France (which is expected to be *Les Échos*) or, (b) in a leading daily newspaper of general circulation in Europe or (c) in accordance with Articles 221-3 and 221-4 of the *Règlement Général of the Autorité des marchés financiers* and so long as such Notes are listed and admitted to trading on any Regulated Market and the rules applicable to such Regulated Market so require, notices shall be valid if published in a leading daily newspaper with general circulation in the city/ies where the Regulated Market on which such Notes are listed and admitted to trading is located, or as otherwise required by the rules applicable to that Regulated Market, as the case may be.

(b) Notices to the holders of Materialised Notes and Dematerialised Notes in bearer form (*au porteur*) shall be valid if published (a) so long as such Notes are listed and admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be *Les Échos*) or, (b) in a leading daily

newspaper of general circulation in Europe or (c) in accordance with Articles 221-3 and 221-4 of the *Règlement Général of the Autorité des marchés financiers* and so long as such Notes are listed and admitted to trading on any Regulated Market and the applicable rules of that Regulated Market so require, in a leading daily newspaper with general circulation in the city/ies where the Regulated Market on which such Notes are admitted to trading is located, or as otherwise required by the rules applicable to that Regulated Market, as the case may be.

- (c) Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) (*au nominatif* or *au porteur*) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 13(a), (b) and (d); provided that so long as such Notes are admitted to trading on any Regulated Market(s) and the rules applicable to that Regulated Market so require, notices shall also be published in a daily financial newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes are admitted to trading is/are located, and as otherwise required by the rules applicable to that Regulated Market, as the case may be.
- (d) If any such publication is not practicable, notice shall be validly given if published in a leading daily financial newspaper with general circulation within Europe, provided that, so long as such Notes are admitted to trading on any Regulated Market, notice shall be published as otherwise required by the rules applicable to that Regulated Market, as the case may be. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Notes in accordance with this Condition.
- (e) Notices relating to, and decisions taken by, Collective Decisions pursuant to Condition 10 and pursuant to Articles R. 228-79 and R. 236-11 of the French Commercial Code shall be (a) given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared and, if such publication is not practicable in respect of Dematerialised Notes in registered form (*au nominatif*), by mail to the Noteholders at their respective addresses, in which case they will be deemed to have been given notice on the fourth (4th) weekday (being a day other than a Saturday or a Sunday) after the mailing and (b) published on the website of the Issuer (www.crh-bonds.com). For the avoidance of doubt, Conditions 13(a), (b), (c), (d) shall not apply to such notices.

14. Governing Law and Jurisdiction

(a) Governing Law

The Notes (and, where applicable, the Receipts, Coupons and Talons) are governed by, and shall be construed in accordance with, French law.

(b) Jurisdiction

Any claim against the Issuer in connection with any Notes, Receipts, Coupons or Talons may be brought before any competent court within the jurisdiction of the registered office of the Issuer.

TEMPORARY GLOBAL CERTIFICATES IN RESPECT OF MATERIALISED NOTES

Temporary Global Certificates

A Temporary Global Certificate without interest coupons (a **Temporary Global Certificate**) will initially be issued in connection with each Tranche of Materialised Notes, and will be delivered on or prior to the issue date of the Tranche to a common depository (the **Common Depository**) for Euroclear Bank SA/NV (**Euroclear**) and to Clearstream Banking S.A. (**Clearstream**). Upon the delivery of such Temporary Global Certificate to a Common Depository, Euroclear and Clearstream will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depository may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other ICSDs through direct or indirect accounts with Euroclear and Clearstream held by such other ICSDs. Conversely, a nominal amount of Notes that is initially deposited with any other ICSDs may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, or other ICSDs.

Exchange

Each Temporary Global Certificate issued in respect of Materialised Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicate that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see section entitled “General description of the Programme - Selling Restrictions”), in whole, but not in part, for Definitive Materialised Notes; and
- (ii) otherwise, in whole but not in part, upon certification if required under U.S. Treasury regulation section 1.163-5(c)(2)(i)(D)(3) or any successor regulation issued under Code section 4701(b) containing rules identical to those applying under Code section 163(f)(2)(B) as to non-U.S. beneficial ownership for Definitive Materialised Notes.

While any Materialised Note is represented by a Temporary Global Certificate, any payment payable in respect of such Materialised Note prior to the Exchange Date (as defined below) will be made only to the extent that the certification described in (ii) above has been received by Euroclear and/or Clearstream, and Euroclear and/or Clearstream, as applicable, has given a like certification (based on the certification received) to the relevant Paying Agent. The holder of a Temporary Global Certificate will not be entitled to collect any payment due thereon on or after the Exchange Date unless, upon due certification as described above, exchange of the Temporary Global Certificate for an interest in Definitive Materialised Notes is improperly refused or withheld.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to, or to the order of, the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes. In this Base Prospectus, **Definitive Materialised Notes** means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid in respect of the

Temporary Global Certificate and a Talon). Definitive Materialised Notes will be securely printed in accordance with any applicable legal and stock exchange requirement.

Exchange Date

Exchange Date means, in relation to a Temporary Global Certificate in respect of any Materialised Notes, the day falling after the expiry of forty (40) calendar days after its issue date, provided that in the event any further Materialised Notes which are to be assimilated with such first mentioned Materialised Notes are issued prior to such day pursuant to Condition 12(a), the Exchange Date may, at the option of the Issuer, be postponed to the day falling after the expiry of forty (40) calendar days after the issue date of such further Materialised Notes.

In the case of Materialised Notes with an initial maturity of more than 365 calendar days (and that are not relying on the TEFRA C Rules), the Temporary Global Certificate shall bear the following legend:

ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES FEDERAL INCOME TAX LAWS INCLUDING THE LIMITATION PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED.

FORM OF FINAL TERMS

[ANNEXE – RÉSUMÉ DE L'ÉMISSION]

[Insérer le résumé de l'émission le cas échéant]

TAXATION

The following is a summary limited to certain tax considerations in France relating to the payments made in respect of the Notes that may be issued under the Programme and specifically contains information on taxes on the income from the Notes withheld at source. This summary is based on the laws in force in France as of the date of this Base Prospectus and as applied by the tax authorities, all of which are subject to changes and/or to different interpretation (potentially with a retroactive effect). It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposal of the Notes in light of its particular circumstances.

Withholding taxes on payments made outside France

The following is a summary limited to certain withholding tax considerations in France relating to the holding of the Notes by Noteholders who do not concurrently hold shares of the Issuer.

Payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* (the **French General Tax Code**) unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French General Tax Code (a **Non-Cooperative State**) other than those mentioned in 2° of 2 *bis* of the same Article 238-0 A. If such payments under the Notes are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French General Tax Code, a 75% withholding tax will be applicable (subject to certain exceptions and to the provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French General Tax Code.

Furthermore, pursuant to Article 238 A of the French General Tax Code, interest and other revenues on such Notes are not deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State (the **Deductibility Exclusion**). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French General Tax Code, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French General Tax Code, at (i) a rate of 12.8% for payments benefiting individuals who are not French tax residents, (ii) the standard corporate income tax rate set forth in the first sentence of the second paragraph of Article 219-I of the French General Tax Code (e.g. 26.5% for fiscal years beginning as from 1 January 2021) for payments benefiting corporate or other legal entities who are not French tax residents or (iii) a rate of 75% for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French General Tax Code (in each case subject to certain exceptions and to the provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75% withholding tax set out under Article 125 A III of the French General Tax Code nor, to the extent the relevant interest and other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion and the withholding tax set out under Article 119 *bis* 2 of the French General Tax Code that may be levied as a result of the Deductibility Exclusion will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to official guidelines published by the French tax

authorities under the references BOI-INT-DG-20-50-30, no. 150 and BOI-INT-DG-20-50-20, no. 290, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes if such Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411-1 of the French Monetary and Financial Code which is not exempt from the obligation to publish a prospectus or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; and/or
- (b) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; and/or
- (c) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payment systems operator within the meaning of Article L.561-2 of the French Monetary and Financial Code, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Withholding taxes on payments made to individuals fiscally domiciled in France

Where the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A I of the French General Tax Code and subject to certain exceptions, interest and similar income received by individuals fiscally domiciled in France are subject to a 12.8% withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at a global rate of 17.2% on such interest and similar income received by individuals fiscally domiciled in France, subject to certain exceptions.

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in a dealer agreement dated 10 September 2021, as amended from time to time, between the Issuer, the Arranger and the Dealer(s) (the **Dealer Agreement**), the Notes will be offered by the Issuer to the Dealer(s). The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealer(s), acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by such Dealer. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealer(s) against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealer(s) to terminate any agreement that they make to subscribe for Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

General

These selling restrictions may be modified by the Dealer Agreement and the Dealer(s) in particular following a change in a relevant law, regulation or directive. Any such modification will be set out in a supplement to this Base Prospectus.

Pursuant to the Dealer Agreement, each Dealer has represented and agreed that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefore.

Prohibition of Sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specify the "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression **retail investor** means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of Directive 2016/97/EU, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and

- (b) the expression “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

European Economic Area

If the Final Terms in respect of any Notes specify "Prohibition of Sales to EEA Retail Investors" as "Not Applicable", each of the Dealer(s) has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus, as completed by the Final Terms in relation thereto, to retail investors in a Member State of the EEA except that it may make an offer of such Notes to the public in that Member State:

- (a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Member State (a **Non-Exempt Offer**), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-Exempt Offer, in accordance with the Prospectus Regulation in the period beginning and ending on the dates specified in such Prospectus or Final Terms, as applicable, and the Issuer has consented in writing to its use for the purpose of the Non-Exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) at any time to fewer than one hundred and fifty (150), natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in paragraphs (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, expressions (i) **offer of Notes to the public** in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes, and (ii) **Prospectus Regulation** means Regulation (EU) 2017/1129, as amended.

This European Economic Area selling restriction is in addition to any other selling restrictions set out above or below.

United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**), or the securities laws of any State or jurisdiction of the United States and may not be offered or sold, directly or indirectly, within the United States or to, or

for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act (**Regulation S**). Terms used in this paragraph have the meanings given to them by Regulation S.

Materialised Notes having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes, (i) as part of their distribution at any time and (ii) otherwise until forty (40) calendar days after the later of the commencement of the offering of any identifiable Tranche and the closing date, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells the Notes a confirmation or other notice setting forth the restrictions on offers and sales of Notes during the distribution compliance period, as defined in Regulation S under the Securities Act, within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until forty (40) calendar days after the commencement of the offering of any identifiable Tranche, an offer or sale of Notes within the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act if such an offer or sale is made otherwise than in accordance with an available exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealer(s) reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.
